Ike Has No Objection To Big 3 Talk

Would Like to See Evidence First Of Soviet Good Faith

WASHINGTON (AP) — President Eisenhower said today he has no objection to a conference of top leaders of the major powers, but that he would first like to see some evidence of good faith from the Soviet Union.

And as yet, he declared, he has seen no evidence of good faith on the part of the Russians in their talk of wanting world peace.

Eisenhower's news conference remarks were in reply to a request for comment on Prime Minister Winston Churchill's speech earlier this week urging a high level conference without great delay.

Eisenhower also declared:

"I have met no one in the United States who does not want peace."

The President permitted direct quotation of that remark, made in reply to a request for comment on statements by Clement Attlee, former British prime Minister.

Attlee said in the House of Commons Wednesday that Eisenhower administration's hands were tied in seeking peace in Korea by "elements in the U. S. A. that do not want a settlement."

As for Churchill's call for a conference of the leaders of the major parties, the President noted the State Department suggested Wednesday such a conference should await proof of the Soviet Union's sincerity in talking about peace.

Eisenhower said the department's statement was issued with his approval.

Then he went on to say he has seen no evidence of such faith.

The President recently said he was willing to accept Soviet peace overtures at face value.

His statement today that there has been no evidence of good faith on the part of the Russians seemed

Vote to Hike Gasoline Tax Cent-a-Gallon

Axle Tax Also Gets OK in Ohio House; Highway Bonds Fail

COLUMBUS, O. (AP)—A marathon Ohio House session Wednesday approved an axle-mile tax on big trucks and a penny-a-gallon gasoline tax increase to add 42½ million dollar a year to Ohio's roadbuilding fund.

But it refused to submit to the voters a 750-million-dollar bond issue to speed up highway construction.

Of the six measures in the Republican "package" highway plan,

Sheriff Bans All Gambling Devices

3 Mayors Called In Crawford Co. Gambling Probe

BUCYRUS—Mayor Frank P. Sitler of Bucyrus and Crawford County Sheriff Elwood F. Jacobs clamped the lid on gambling in Bucyrus and Crawford County today as a grand jury investigation of alleged widesperad gambling picked up momentum.

The mayor announced the ban on "all gambling and all gambling devices" in Bucyrus this morning after the grand jury called him and the mayors of Galion and Crestline to testify before them today.

All gambling devices discovered by Bucyrus police have been ordered confiscated by Mayor Sitler.

The sheriff ordered all gambling devices removed at once from rural aras while the grand jury called the mayors of Bucyrus, Galion and Crestline to testify today.

Crawford County Prosecutor John D. Sears Jr., said Mayors Frank P. Sitler of Bucyrus, Jay Nichols of Galion and Nelson Lee of Crestline will be queried by the jury concerning reports published in a Mansfield newspaper that "prevalence of gambling in Crawford County is no secret and runs the gamut from plush clubs with roulette and crap games to the displaying of punchboards and tip sheets in roadside service stations."

Newsmen Called

Three Mansfield newspapermen and police chiefs of three Crawford County communities were subpoenaed to appear before the grand jury Wednesday afternoon following testimony presented by Bucyrus newspaper reporter Arthur Greenspan Tuesday.

The police chiefs giving testimony as to conditions in their respective communities were James L. Walker of Galion, Arthur L. Stuckert of Bucyrus, and Robert Taylor of Crestline.

Since the first of the week, the newspapers have printed a list of 40 persons in Crawford County who have purchased Federal gambling stamps.

In addition, the Mansfield paper Tuesday published a series of five photographs showing the exteriors of alleged gambling establishments, four of them located in Bucyrus,

Car, Truck Hit Head-on Near Marion

Cincinnati Man Killed in Collision

In attempting to avoid hitting vehicles involved in an accident on Route 4, less than a mile south of Marion, a tractor and semitrailer and a car crashed head on at 2:01 p.m. Wednesday, killing the driver of the car, Norman H. Barton, 25, a Cincinnati salesman.

Driver of the truck outfit, George J. Novak, 34, of Cleveland, escaped without injury, investigating state highway patrolmen from the Marion post reported. Both men were driving alone.

Just six minutes before the fatal crash, another accident involv-

Morgan. Death was caused by a fractured skull, broken neck and crushed chest. Barton was taken to the Hughes Mortuary where his wife was expected to arrive today to make funeral arrangements.

Barton was a salesman for the Cincinnati Shippers' Supply Co, but had been working out of Chicago, Ill., for several months. His home address was 2400 Losantiville Rd., Cincinnati.

Investigation of the accident is being continued. No charges have been filed yet.

The front end of the Barton car was demolished and a wrecker was necessary to pull it away from the truck. Damage to the

Egypt Cuts Off All Suez Trade With British

Seeks to "Starve Out" 80,000 Troops In Canal Zone Dispute

CAIRO, Egypt (AP)—Egypt was reported today trying to throw an economic noose around the 80,000 British soldiers she wants to push out of the bitterly disputed Suez Canal zone.

Interior Ministry sources said Premier Mohamed Naguib's Cabinet has prohibited commercial transactions with British forces in the Suez except by "special approval by the supply ministry."

The order, these sources said, applies to foodstuffs, alcoholic bev-

Stabbed In Her Home On Hocking St.

June Harris, 34, Dead; Virgil Augustus, 45, Charged With Murder

June Harris, 34, of 686 Hocking St. was fatally stabbed at her residence about 2:30 p.m. Wednesday afternoon and a charge of second degree murder was filed against Virgil Ray Augustus, 45, of 688 Hocking St. in Marion Municipal Court today.

Police said the stabbing apparently took place in an upstairs room at the Harris home. Others in the house said the two had been drinking in the room most of the afternoon. What prompted the stabbing was not reported by police.

At his arraignment in Municipal Court today Augustus pleaded not guilty to the charge and was bound over to the Marion County Grand Jury with his bond set at $15,000 by Judge W. Dexter Hazen. Augustus waived preliminary examination.

Unable to post bond he was to be held in the Marion County jail pending his appearance before the Grand Jury.

Events Recounted

Events leading up to the filing of the murder charge this morning were reported today by Police Chief Tom Coon.

At 2:59 P.M. Wednesday, Marion City Hospital called and reported Miss Harris had been brought to the hospital by two men and that she was dead on arrival with a stab wound in her upper left chest near the heart.

Police Captains Clyde Hardin and Marion B. Tatham immediately went to the hospital to investigate to indicate a bit of impatience.

The President said emphatically, however, he was willing to take almost any kind of a chance to promote peace in the world.

On other matters, Eisenhower:

1. Announced he will make a nationwide radio address Tuesday evening on the security of the nation as related to the federal budget and taxes. The hour for the speech has not been set.

2. Said he probably will make a nationwide report by television a week or so later. He said he had in mind a review of what has taken place during his brief administration.

3. Emphasized his appointment of a new military high command in no way implies any criticism of the men who are being replaced on the Joint Chiefs of Staffs. The President said Secretary of Defense Wilson felt he should have an entirely new team, and that he agreed with Wilson.

4. Endorsed a proposal in Congress to raise the pay of senators and House members by $10,000 a year. Eisenhower said the time is approaching, with taxes as they are, when it will be difficult to find well qualified men to bid for jobs in Congress.

5. Said he believes there should be maximum local interest in development of such power projects as the one at Hells Canyon in Idaho.

6. Said he feels legislation to grant statehood to Hawaii should be handled separately and not combined with the Alaska statehood measure as a Senate committee voted earlier this week to do.

Eisenhower said Hawaii's economy is on a self-supporting basis and that its record during World War II proved its right to statehood.

7. Said the individual states have no rightful claim to submerged oil lands beyond their historic boundaries. His statement was in reply to a request for comment on whether he favors a pending bill which would establish federal jurisdiction over submerged oil lands on the continental shelf beyond the state's historic boundaries.

8. Said the United Nations Educational, Scientific and Cultural Organization had started out with a fine announced purpose, and that while some suspicions had been aroused regarding it he has had no report on whether there is any

only the bond issue plan fell by the wayside in a session which opened at 1:30 p. m. and lasted until 10:45 p. m. with only a 75-minute dinner break.

In an afternoon session the Senate approved, 20-12, and returned to the House for consideration of amendments a bill creating a state department of highway safety.

After two hours of debate, it also approved and sent to the House a resolution asking Congress to put in motion machinery to put a constitutional limitation of 25 per cent on income, inheritance and gift taxes. The vote was 18-14.

The Republican highway program faces a difficult Senate barrier.

A combination of Senate Republicans and Democrats opposed to the state's entry into a new field of truck taxation — such as the axle-mile tax — threatens to scuttle the proposed levy on big trucks. The axle-mile tax is the keystone of the House Republican program.

The axle-mile tax, a modified form of a weight-distance tax, would require commercial vehicles with three or more axles to pay a highway use fee based on how many miles they travel on how many axles.

Sponsors estimate it will yield 19½ million dollars a year in funds to be set aside for arterial highways between cities and for expressways in big cities to relieve traffic congestion.

The penny gas tax yield of about

Two Gambling Stamps Issued In City, County

Records in the Columbus district office of the Internal Revenue Bureau revealed that only two federal gambling stamps had been issued in Marion County, The Associated Press reported today.

One stamp, issued to Iris Crowley and Theresa Galloway, who listed their business address as Route 4, Marion, has expired, bureau records show, and has not been renewed for 1952-53.

The other stamp, issued to Richard T. Culp of the West Side News, 484 W. Center St., will expire in June of this year.

Report of the issuance of these two stamps was the latest information available as Marion Countians awaited a report of the gambling investigation conducted by the grand jury.

The report is expected to be presented to the Common Pleas Court at 10 o'clock tomorrow morning.

The gambling report, as well as a report on charges against 14 persons which the grand jury considered in its two-day session Monday and Tuesday, will be made following an inspection of the Marion County jail.

Prompting the grand jurors probe of gambling activities in Marion County was their notification Monday by Common Pleas Judge Paul D. Smith of gambling reports received by the county prosecutor's office.

At about the same time the jury was notified of the gambling reports, Sheriff Glenn Obenour announced that the had issued an order banning all pinball machines and punchboards from the county by that day. He warned that if his office found any in operation in the county after that day, the machines or boards would be confiscated.

The reaction of some pinball machine distributors was that they would not remove those machines which they claimed were being used for amusement purposes only.

Testifying Tuesday afternoon after being subpoenaed to appear before the grand jury were operators of five Marion Marion County business places. Also appearing before the grand jury that afternoon was Sheriff Obenour.

Cases considered by the grand jury Monday and Tuesday ranged from manslaughter, and breaking and entering and attempted rape, to fraud.

ted Nations center still stands.

At today's truce meeting, the Reds called the Allied counterproposal to their eight-point May 7 offer "absolutely unacceptable" and said it "intends to overthrow the basis of negotiations of both sides."

The chief Allied negotiator, Lt. Gen. William K. Harrison Jr., answered with charges that the Reds illegally took Allied prisoners across the Yalu River into Manchuria and used others for labor troops.

He charged the Reds with reducing warfare to a "new viciousness" by impressing some 50,000 captives into the Communist armed forces, rather than releasing them at the front as the Reds have maintained.

After the meeting, he told newsmen:

"There still is a complete difference of opinion on the major points."

The Allied counteroffer would free 34,000 North Korean prisoners who refuse repatriation and, under certain conditions, would put 14,500 Chinese in temporary custody of a five-nation commission made

ing a Marion Safety taxi cab, driven by Colby Lewis Hill, 40, of 143 Plymouth St., Marion, and a car driven by Melvin Duane Foos, 18, of near Richwood, occurred at the scene.

Patrolmen said Foos attempted to pass the taxi cab on the left side, just as the cab started to make a left turn into the driveway of the Evergreens Restaurant. No one was injured in the mishap and, damage consisted of a scraped left rear fender of the taxi cab and a slightly scratched and dented right side of the Foos car. The car came to a stop partially on the highway.

Patrolmen said the southbound truck driven by Novak pulled into the left lane of the highway to avoid hitting the vehicles involved in the first accident.

Barton, headed north, attempted to drive his car off the right side of the road into a ditch to avoid crashing into the oncoming truck. At the same time the truck driver swung into the ditch, also thinking he would avoid a crash. The vehicles met head-on.

Barton, found partially suspended from his car, was pronounced dead at the accident scene by Marion County Coroner Dr. E. H.

right front of the truck, fender, bumper, and grille, was minor.

Traffic on the highway was maintained at all times during the clearing of the wreckage. Marion city police, and the Marion County Sheriff's department assisted state patrolmen. City Fire Chief O. A. Sifritt and several firemen were called to the scene as a precautionary measure.

The truck, owned by C. L. DeLong Trucking Corp. of Bedford, O., was hauling a load of tar.

Rooms for Boys and Girls, Men and Women

Facilities for All Included In New YMCA Building

This is one of a series of articles dealing with the approaching fund campaign for the new Marion YMCA. The drive for $148,500 will get under way Monday and will continue for one week.

—:—

Many persons have been asking just what the new YMCA includes. Y officials answer it contains all the facilities promised during the 1950 fund drive.

Let's take an imaginary tour of the building and see for ourselves. We enter the lobby on the ground floor and take an elevator to the third floor. There we find 29 brightly lighted dormitory rooms, including 28 singles and one double room. All rooms are equipped with closet space and have outside exposure with two windows in each.

The rooms will be furnished with a bed, dresser, two chairs, two lamps and a rug. Adequate shower and washroom facilities will be available as well as telephones for call service and an outside telephone.

Dropping down to the second floor, we find the front part of the building containing seven large clubrooms and one large multi-purpose room for banquets, dances and other functions. These areas will be available for religious groups, social clubs, educational meetings and county functions.

Also on the second floor is a master kitchen to serve small groups in the clubrooms and larger meetings in the gymnasiums. Cooking facilities will allow for serving 500 persons. Powder room and toilet facilities will be available for both sexes.

Two Big Gym Floors

At the rear of the second floor, we enter the gym area. Two large gym floors, one 53 by 80 feet and one 41 by 66 are the first thing noticed. Portable seats may be installed to seat around 300 fans. The gym area is laid out to give a maximum of four basketball courts. Surrounding the gym floors are the physical director's office toilet facilities and storage space for athletic equipment.

On the first floor, we find four entrances, two from Church St. and one from each side of the building. The building will be divided in half by an electrical control setup. The division will set apart the youth section and adults. Complete facilities are included in each half for both sexes.

In the youth department, we find the lobby, game rooms for boys and girls, office facilities for secretaries, toilet facilities and a check room. Off the boys' youth department is a snack bar, which will be Marion's first automat. No public food service is planned in the new Y and that snack bar will

ROK Riflemen Kill, Wound 400 Chinese

SEOUL (AP) — Sharpshooting South Korean infantrymen killed or wounded at least 400 Communists in a series of savage close-quarter battles across the 155-mile battlefront today.

The Eighth Army said stubborn South Korean troops chopped up a reinforced Chinese company which hit Allied positions north of Kumhwa in Central Korea before dawn. The ROKs killed or wounded 218 Chinese in an attacking force which struck behind a 3,300-round artillery and mortar barrage, the Army said.

Fifteen miles to the east, Chinese troops struck a series of Allied outposts in the Outpost Texas-Capital Hill sector for the third straight day. The Reds lost 107 men to South Korean fire before pulling back to their own lines shortly before dawn, the Army said.

On the eastern end of the battle line, South Korean raiders reported killing or wounding 27 Communists in a 90-minute hand-to-hand clash near the Nam River.

At least 50 additional casualties were inflicted in other actions along the front, the Army said.

Tidelands Bill Awaits Signing

WASHINGTON (AP)—Twice-vetoed legislation to give states title to oil-rich, submerged offshore lands was ready today for the promised signature of President Eisenhower.

It cleared its final congressional hurdle yesterday when the House, by roll-call vote of 278 to 116, accepted Senate amendments to an original House measure. That sent it to the White House, where popularly called "tidelands bills" have gone before.

In 1948 President Truman vetoed a similar measure, as he did again in 1951.

erages, building materials and other raw materials. Banning of Egyptian sales of all these would force the British to supply their vast establishment entirely from outside Egypt.

Egyptian political circles viewed the Cabinet's new move as the start of a growing economic boycott of British forces in the canal zone. It followed a hot exchange of charges between Britain and Egypt in which each accused the other of a series of shooting attacks in the canal zone since April 1.

Cairo newspaper claimed today that an Egyptian gun salvo last night, announcing the beginning of the Moslem holy month or Ramadan, touched off five hours of British firing in which one Egyptian was wounded.

An Associated Press dispatch from Port Said, however, said that all was quiet today at the canal's northern end.

The Egyptians charged officially last night that British soldiers had killed eight Egyptians and wounded 17 in the canal-zone since April 1. A government statement said the incidents had been due to "the British military's provocative actions."

Armed Forces Parade To Be Held Tonight

(Story of Legion Drum and Bugle Corpe on Page 9. More about Depot Open House on Page 33).

Marion's Armed Forces Day parade will get under way tonight at 7:30 p.m. from Center St. and Harcourt Pl.

The parade's four divisions, headed by separate commanders, will form at 7 p.m. at Harcourt Pl., Baker St., Greenwood St. and Sharpless Ct., before starting the march west on Center St.

The parade will move west to Park Blvd., south on Park Blvd. to Church St. and east on Church St. before disbanding at Orchard St.

Leading the parade will be the grand marshal, Col. John Phelan, commanding officer at the Marion Engineer Depot, and his staff and the parade color guard.

At the courthouse, Col. Phelan and his staff will drop out of the parade and view it from their reviewing stand.

A stationary anti-aircraft searchlight from the Marion Engineer Depot will be in operation during the parade in the vicinity of the courthouse and another one will be in operation in the parade. They serve as a reminder of the open house observance at the Depot Saturday and Sunday from 1 to 5 p.m.

Included in the parade will be various Armed Forces personnel and units, veterans group, bands, Scouts, lodges and auxiliaries, the Depot fire truck, and Engineer and Ordnance equipment.

the report. Dr. E. H. Morgan, Marion County coroner, also was called to the hospital where he viewed the body.

At an autopsy performed Wednesday night, Dr. Morgan ruled Miss Harris bled to death internally as the result of a knife blade entering the left chest between the fifth and sixth ribs and penetrating the heart.

Meanwhile, Captains Tatham and Hardin talked to Harry Thomas Reece, 26 of 912 Kenton Ave. and Alfred LaVette of 544 Jefferson St. the two men who brought the dead woman to the hospital.

During the questioning, Reece and LaVette implicated Augustus as the man who stabbed Miss Harris.

With this information, Captains Tatham and Hardin and Patrolman Virgil H. Campbell went to the Hocking St. address and immediately began a search for Augustus.

Hardin and Tatham located him a few minutes later as he walked across a vacant lot on Kenton Ave. near Hocking St.

Held on Open Charge

They took him into custody on an open charge and also booked Reece and a Miss Jean Stevens, 27, of the rear of 686 Hocking St. as material witnesses.

Augustus, Reece, and Miss Stevens were booked at the police station at 3:58 p.m. and in searching Augustus' person police found a knife which is believed to be the knife used in the stabbing.

As pieced together by information obtained from Augustus, Reece, Miss Stevens, and LaVette the stabbing occurred in an upstairs room at 686 Hocking St.

Police Chief Tom Coon said evidence found in the room and statements by the witnesses indicated Miss Harris and Augustus had been in the room drinking most of the afternoon.

Up to noon today, no statement as to why Augustus allegedly stabbed Miss Harris was released by Chief Coon.

About 2:30 p.m., according to

Godfrey's Hips To Be Rebuilt

(Picture on Page 13)

BOSTON (AP)—Radio-television star Arthur Godfrey will undergo surgery "within a few days" to correct hip injuries suffered in an automobile accident 22 years ago, it was announced last night.

The 49-year-old Godfrey suffered 27 fractures when his car collided with a truck in Washington, D. C., in 1931 and he has been in almost constant pain since then.

Two major operations to rebuild his hips will be performed by Dr. Marius N. Smith-Petersen at Massachusetts General Hospital. Godfrey will be hospitalized about eight weeks.

Court Orders Pipeline Case Be Retried

Columbiana Verdict Reversed by Ohio Supreme Court

COLUMBUS, O. (AP) — The Ohio Supreme Court has ordered a new trial in the case of a Tennessee pipeline company's attempt to appropriate a 30-foot pipeline right of way in Columbiana County.

The Tennessee Gas Transmission Co. acted against James T. Wolfe, owner of the land, and Kenneth A. Meek, who leased coal deposits on it, and Meek's associates in a condemnation proceedings.

Common Pleas Court awarded Wolfe $15,500 for land and damages and gave Meek and his associates $6,950. An appeals court cut the awards to $10,000 to Wolfe and $5,950 to Meek.

The men appealed and the Supreme Court reversed the judgement and sent the case back for retrial. The high court said the owner has the burden of proof of special damages in condemnation suits and the trial court committed prejudicial error in charging the jury to the contrary.

The Supreme Court also refused to review decisions of a Stark County court which held for H. L. Sponseller Sr., in a suit by a builder to force payment of the balance due on a house construction contract.

B. and H. Construction, Inc., sued Sponseller in 1949 for $25,474 claimed due for labor and materials on a house build at Lake Cable in Stark County.

Sponseller said the sum claimed due was excessive and that the company refused to complete the house. He said he had to spend money for labor and materials from other sources and suffered damages. He said the company's president agreed that the house would not cost more than $45,000. Sponseller said he signed a contract for construction on a cost-plus-10 per cent basis on that assurance.

The company denied any false representations. But both the Common Pleas and Appeals Courts held for Sponseller.

In another case, the Supreme Court cleared the way for the Chillicothe Cemetary Co. and the Chillicothe Hospital to share equally the estate of the late Elizabeth A. Kalus. Attorneys valued it in excess of $100,000.

The high court refused to review Ross County court decisions, letting stand a judgement sustaining

"This Will Hurt a Little"

What anti-inflationists should have used in 1952 presidential campaign was a dentist's warning:

"This is going to hurt a little."

Failure to forewarn the patient before he opened wide for treatment has caused an outburst of protest at the first twinge of pain.

Many of the same people who complained that inflation was ruining them and the country too now are squawking that deflation will be worse.

They are screaming about higher interest rates and lower subsidies. They are yelping about prices that don't go up week by week and threaten to start back down.

They are moaning about indexes that decline and production curves that are beginning to flatten out. They are, in general, talking and acting as if they thought an anti-inflation policy would make everybody happy.

They are making snide jokes in Washington about "Hard Money" Humphrey and sneering that this is what comes of trusting bankers and businessmen to handle public policy.

Worst of all — and most vicious in its implications — they are waiting to black-jack the Eisenhower administration with an accusation that it brought on a depression if it succeeds in stabilizing the country after the war-boom inflation which started in 1940 and was encouraged by a soft-money government for the next 12 years.

No one ever said an anti-inflation policy would be painless. But no one ever said it would be painful, either. That now appears to have been a psychological oversight, as the first wincing and moaning become noticeable.

Militarism's Toughest Job

The new members of the Joint Chiefs of Staff share something with the old ones, who soon will be out of sight and out of mind.

Goad To Isolationism

By David Lawrence

Attlee Speech Insult to American People

Clement Attlee, leader of the British Socialist party, did more in one speech in the British Parliament to start a revival of isolationism in America than any speaker in America has done in three decades.

Mr. Attlee recommended — and Prime Minister Churchill agreed with him — that just as soon as an armistice is signed in Korea, the Communist regime in China which is responsible for the greater part of the 134,000 American casualties should be rewarded by a seat in the Security Council of the United Nations.

Mr. Attlee made some naive comments, declaring that he didn't think the Communist Chinese were puppets of Russia. He said this in the face of a speech a few weeks ago by Soviet Envoy Vishinsky, who admitted that Moscow has been supplying arms and munitions to the Communist Chinese armies throughout the Korean war.

The American people heretofore have been asked to believe that it was for the principle of collective security their boys were sent to Korea. They believed this when the Truman - Acheson administration said so. Now it turns out that American lives were sacrificed in Korea not to punish but to reward the aggressor.

The United Nations early in 1951, by formal resolution, declared Communist China an aggressor. The U.S. command in Korea has fought against the Communist forces since June 1950.

More than 95 per cent of the foreign troops have been supplied by the United States.

Great Britain has insisted on sending strategic materials to Soviet Russia during the Korean War and American troops have been left holding the bag.

When an armistice comes in Korea — if indeed Moscow really wants one — the American people will have to decide whether they want to remain in a United Nations organization which welcomes to its bosom a government that has been guilty of aggression and of unspeakable atrocities in the treatment of prisoners of war.

On this issue opinion will divide, of course, but the isolationist doctrine of the 1920's will become logical to many voters, who will begin to say that it is time to withdraw all troops from Europe as well.

If the government of Great Britain is ready to trust the Communists to the extent of rewarding [illegible] ternational cooperation is the best way to maintain the strength of the free world.

The British attitude, in wishing to welcome to their arms the aggressors in the Far East just as soon as the truce is signed, will shock Americans and will make them feel that the game isn't on the level after all — that it is every country for itself now, with Britain taking the lead in that kind of selfishness.

A political issue of far - reaching importance can be developed out of a demand that American boys be brought back at once from Great Britain and all European countries.

Certainly the United States Navy and Air Force and Army of present strength is adequate for the defense of this country. It will never be adequate to defend British interests in Europe or Asia or the interests of all other countries which render lip service to collective security and expect Uncle Sam not only to maintain a draft of 35,000 to 45,000 boys a month to go to distant lands but to pay billions for "economic aid" besides.

The Attlee speech is an eye-opener. Prime Minister Churchill disappointed his many American admirers by agreeing that Red China is to be rewarded for her aggression by admission to the U.N.

So far as a conference between Malenkov, Churchill and Eisenhower is concerned, the speeches in the House of Commons would seem to cast the die.

There is no reason now for President Eisenhower to go to meet Malenkov. Mr. Attlee says he distrusts the American Constitution.

He insults the United States Senate by saying, as he did in his speech, that our Constitution is obsolete and that the Senate should have no right to approve or disapprove of commitments that Mr. Eisenhower might make in a three-power conference.

The best way to handle the problem now is for Mr. Churchill alone to go to Moscow, hat in hand, and beg for peace. Whatever agreement he makes can then be examined and the President can decide, after consulting the Senate Foreign Relations Committee, whether any of the provisions of the proposed settlement are acceptable.

If Messrs. Churchill and Attlee want American boys to fight again for the so - called cause of collective security, the surrender to

Wilson Gets Leaders Who Will Argue

By Martin S. Hayden

The Pentagon's old regime reeled today before a sweeping shakeup which saw Europe's veterans tumbled from control and a four-star admiral lifted in one jump from a career doghouse to the top military post of the nation.

At the same time the story came out as to why President Eisenhower decided to replace the whole Joint Chiefs of Staff and how Secretary Wilson won his fight for new military leaders who will argue with him sometimes.

The degree to which alumni of the European theater of World War II have been replaced by what Wilson privately calls "a global" team, with experience in both Asia and Europe, is illustrated by

his World War II service was in Washington and as a fleet commander in the Atlantic.

Gen. Nathan F. Twining, newly appointed air force chief of staff, led the 13th Air Force in Asia in 1942 and 1943 and subsequently the 15th Air Force in Europe. His predecessor, Gen. Hoyt S. Vandenberg, again was an alumnus of just the European theater.

But more earth - shaking, as far as the Pentagon is concerned, is the fact that Radford, goat of the Navy's defeat in the 1949 "revolt of the admirals" and object of Gen. Bradley's scorching denunciation of "Fancy Dans" who quit the game unless they can star, should now be coming to Washington as

and brilliant Gruenther was the ideal man to succeed Ridgway in the complicated NATO command and on the assumption that, four years younger than Radford, Gruenther will be available later to succeed him as chairman, the admiral got the top job.

Originally, it was revealed today, the plan had been to delay the appointments for a few more weeks. This went out the window when Vandenberg, informed that he would not be Bradley's successor, asked for retirement.

"That," it was explained at the pentagon, "precipitated things. It was decided that, once Vandenberg had decided to quit, his effectiveness would be lost and that it

The Once Over

By H. I. Phillips

Some Sneer, Some Don't

The boy coming home in a casket didn't "refuse to answer." There is no sneer on his face. No GI in a death struggle on Pork Chop Hill or Old Baldy says, "That's a loaded question," when asked, "Can you hold out a little longer"

No kid goes before his induction board with a defiant, "I'm no schmo. You can't do this to me," and gets away with it. Yet the parade of grown - up Americans, living in safety and comfort, who take these leering defiant attitudes in an authorized hunt by elected public servants for participants in a Communist conspiracy continues as a daily spectacle.

What goes? How twisted can the American scene get? We pause for a reply—and expect the usual sneers.

-:-

You turn from the daily Korean casualty lists and read of the author who refuses to answer whether he would fight for America in a war with Russia. You see the pictures of crippled and emaciated American boys home from hellish prison camps on the page opposite the leering face of the defiant ham actor, the New York educator and the Tin Pan Alley celebrity who have defied committees of the United States Senate, leered at their procedures, lectured them on their honesty of purpose and refused to answer the simple question, "Are you a member of the Communist party"

You watch the latest procession of draftees off to camp at the start of a journey which may end in death at "some disputed barricade," and see on a video screen a plump, well-heeled completely arrogant gent branding as "the most dastardly of human beings" a war veteran of the U.S. Army assigned by the FBI to expose Kremlin agents in the U.S.A. and mocking even a Senate committeeman who lost his legs in the last World War. You ask yourself, "Is this something I ate" It seems too screwy to be true.

-:-

The other day a leading figure in a school teaching Communism denounced an ex-soldier and FBI agent as "an informer, the lowest form of life" because he had helped the FBI protect America, and then artfully dodged the question whether he would put a man who gave information to Russia in the same category.

You have to see it to believe it. And it all takes place, bub, in a time of war and in an hour when the survival of the free world and the lives of millions of Americans can depend on the outcome of the struggle between Soviet Russia and the rest of the globe!

You may not agree with Joe McCarthy's techniques; you may not relish so many senatorial inquiries, but, brother, even at their worst they can't come close to making the picture look as bad as the defiant witnesses themselves make it.

-:-

Nothing McCarthy, Jenner or Velde could say against the Commies and the suspects could job. For the first time in history, a major military power is being groomed for a major military effort which it does not expect to make.

Heretofore, military preparation on a big scale always was done in the expectation of military effort on a big scale. It was started and carried out with the purpose of committing aggression.

The United States will not commit aggression. It will junk its multi - billion - dollar preparations if no one else commits aggression.

That is the great problem which confronts the Joint Chiefs of Staff — how to achieve and maintain national security on another government's terms.

It is contrary to the adage that the best defense is a good offense.

It is contrary to the nature of a nation whose people do not like to be pushed and bullied.

It offends the pacifists at one extreme and the bully - boys at the other extreme. It is unpopular with people who pay taxes and people who spend taxes. Militarism in the United States has become for the first time the hateful, heavy cross it always has been in countries which were forced to maintain large military forces.

It is being predicted that the new members of the Joint Chiefs of Staff will restudy the whole military problem and presumably come up with new answers which will please everybody.

That would be something to see and to hear. When Admiral Arthur Radford, Gen. Matthew B. Ridgway, Admiral Robert Carney and Gen. Nathan F. Twining yield to their successors, the American people — if their luck holds— still will be seeking an answer to the problem of low - cost security against the armed prowlers of Communism.

They will have no better luck than their predecessors. They will find no way to defend the United States without inconveniencing its citizens, especially those who must bear arms at minimum pay and maximum risk.

The Brothers DiMaggio

The last of the three DiMaggio brothers, Dom, is retiring from baseball.

No longer will they chant in Boston that "Dominic DiMaggio is better than his brother Joe." But Red Sox fans will remember why they chanted it, and baseball will be that much richer in its legendary heritage.

Much is heard these days about the legal and financial problems of baseball, as if these things mattered. They are only the trifles that preoccupy trifling minds.

Baseball is an intricate tapestry of legendary performances by ballplayers on and off the diamond. To be a big-leaguer is not merely to play a certain position at a certain salary.It to make the pulse of the bleacherite race—to be the subject of yarns spun under the space heater in the supermarket by fans huddled around the refrigerated meat cases on long winter evenings.

Dom and his brother Joe and their brother Vince were of our generation—a trio of big-leaguers from a fisherman's family in San Francisco. Joe is mentioned in the Pulitzer Prize novel of 1953. Dom is immortal in Boston. Vince was with the Braves and Pirates. They were peculiarly our trio—a threesome for the yarn-spinners of tomorrow.

them for aggression in Asia, maybe the time has come to wtihdraw all American troops from Europe and let the British trust Russia not to attack in Europe either.

There is no question about the isolationism of Great Britain today. The British are interested in trade with the Communists because that trade will benefit Britain.

Evidently it matters little to them that such trade has sent materials to help kill American boys.

Britain's doctrine evidently is "Britain First." It would be only natural now for Americans to revive the cry of "America First."

This would be a deplorable development because a policy of in-

Soviet Russia they may arrange now will hardly stand them in good stead in the future.

It's the road to isolationism which Europe has long dreaded but which her leaders, by their misguided counsel, now are opening up.

As for the mischievous query Mr. Attlee raises, with such bad taste, asking whether Sen. McCarthy or President Eisenhower rules in America, the answer is a simple one. Both are against Communism and Communist aggression.

The American people rule, and they said plainly in the last election they did not want a surrender either to Soviet Russia or Communist China.

Pin Hopes on Ike

By TRUMAN TWILL

One earnest hope about the Eisenhower administration has nothing directly to do with politics, national defense, interest rates, or indexes of economic activity.

It stems from the fact Dwight Eisenhower has taken a flier in higher education, has a brother who is a professional educator and sometimes has shown an aptitude for the credo and lingo of higher learning.

This has given rise to some earnest hoping among many quiet Americans who are deeply disturbed by signs their noisier countrymen are picking up momentum in a crusade against intelligence.

They are hoping some of the things the new president of their country may say and do may give pause to the defenders of ignorance and avert the peril of a "dark ages" in America. They are believing, because they want to believe, that Dwight Eisenhower will be able by some hocus-pocus to keep anti-intellectualism at bay in a country whose need for super-intellects is desperate and palpable.

They have found a shred of comfort in the presidential preparation for publicizing the study of trained intellects by the National Manpower Council. The President has made it clear he thinks this is a major report—as important as any of the other current business in Washington.

This country isn't run on muscle-power any more. Ditches are dug by machinery, and they use hoists for heavy lifting. Even the coal mines are mechanized. A way has been figured out to do everything more effiicently, except think. America is in a seller's market for brain power.

This spring if you were lucky enough to be smart enough to be graduating from a first-rate engineering school, you could write your own ticket. If you were smart enough to thread your way through the intricacies of nuclear physics, the world would be your oyster.

There's no place for dullards. Even the football players who want to make a living at their specialty must be smart enough to master half a hundred complex formations and prove they are housebroken.

There may have been something funny in the past about professors and brain-trusters, about members of "kitchen cabinet" and academic consultants. But no one laughs about brain power any more — least of all the slide-rule businessmen and the new generation of public philosophers who are relying on superior intelligence to save freedom from fumblers in America.

When Dwight Eisenhower was president of Columbia University, he helped to set up the National Manpower Council. Its purpose was to learn what the United States should do to assure itself of an adequate supply of trained intelligence in the years to come. Someone has to know where the pushbuttons are and when they need to be pushed.

The job was too important, the experts thought, to be left to chance — and far too important to be left to the violent whims of people who would turn the laugh against anyone who had shown signs of being smart as well as shrewd.

They like Ike, too, for a special reason.

a man - by - man comparison of the new and old staffs.

From the chairmanship of the Joint Chiefs, Gen. Bradley, a veteran of exclusively European war service, goes out in favor of Adm. Arthur W. Radford, commander of the Pacific Fleet since 1949.

Gen. J. Lawton Collins, another veteran of only European service, goes out as chief of staff of the Army, to be replaced by Gen. Matthew B. Ridgway, successively the commander of both the U.N. forces in Korea and NATO forces in Europe.

Adm. Robert B. Carney, newly selected chief of naval operations, comes in with wartime experience as Adm. William F. Halsey's chief of staff in the Pacific and postwar service as commander, Allied forces, Southern Europe. His predecessor, Adm. William M. Fechteler, served briefly as a captain of the U.S.S. Indiana in the Pacific and as a rear admiral commanding an amphibious force. Most of

Bradley's successor.

In October 1949, Washington newsmen generally wrote that the career of the brilliant Radford was finished. He then was revealed as the mastermind and indorser of the famous "Bogan letter," in which Vice - Adm. Gerald F. Bogan wrote that:

"Navy morale is lower than at any time since I have been in the services" and "it would be sheer balderdash to assume that there has been anything approaching service unification."

This was the letter which a naval air hero, Capt. John Crommelin, handed to newsmen in a midnight Press Building.

Designed to force a congressional investigation and a sharing by the Navy of the strategic bombing mission of the air force, the plot backfired in the firing of Crommelin, dismissal of Adm. Louis E. Denfeld as chief of naval operations, and the Bradley denunciation aimed so clearly at the colorful Radford.

Radford went back to his Pacific flagship and a career eclipse that was to continue until last November, when Wilson, designated as the new secretary of defense, accompanied President - elect Eisenhower to Korea. Scheduled only to greet the touring dignitaries, Radford joined them for a large part of the tour.

Wilson returned to Washington impressed with the admiral.

Early in the new administration, it was revealed today, it was decided that Bradley, in accordance with his own request, should be allowed to go into inactive service. Vandenberg, who had been ill, and Collins and Fechteler were eliminated quickly as candidates to succeed him.

The President and Wilson agreed that the JCS chairmanship was too important to be rotated as a "plum" among senior generals and admirals of the three services.

While Washington buzzed with a false rumor that President Eisenhower might bring air force Gen. Carl Spaatz out of retirement for the job, the conversations between Wilson and the President finally got down to two men: Radford and Gen. Alfred M. Gruenther, the 54-year-old who is called "The Army's Brain" and who has been chief of staf to both Eisenhower and Ridgway at NATO.

According to a top Pentagon authority, the question of Radford's participation in the admiral's revolt, and its effect on service unity if he got the new job, was raised.

"In the first place," Wilson is quoted as having argued in Radford's behalf, "he was picked to do the navy's job in a tough fight; he had no other course but to go the whole way. In the second place, I want that kind of man on the Joint Chiefs. I want people who will argue like hell with me when I'm wrong and fight for the team when we make a decision."

On the theory that the diplomatic

would be best to change the whole team."

Included was a decision to move Fechteler out in advance of the August 1955 expiration of his four-year term as chief of naval operations. At a press conference, Wilson said that Carney would replace Fechteler "soon." It was learned that this means as soon as Fechteler decides whether he, too, wishes to retire, or whether he wants to take one of several jobs available to him if he wishes to remain in uniform and step down.

The decision to make it a clean sweep was decided on the double basis that a whole new staff would take what Sen. Taft has called "a new look" at broad strategic planning and that new men could march to the Wilson "economy" tune without having to explain past lacks of economy.

The lure of adventure took Noah Lee westward when a very young man. Born July 5, 1833 he lived with his parents in Claridon Township, acquired a common school education and attended a four months' term of school at a Quaker school in Delaware County. He supplemented this by teaching a three months' term in Indiana. In the fall of 1855 he drove a team to Story County, Iowa for Amos Hipsher, remaining in the West for two and one half years. April 10, 1858, there being no railroads west of the Mississippi, he and William Osborn walked from Iowa to Allen County, Kas., a distance of 450 miles. There he took up a government claim, pre-empted the same and assisted in laying out the town of Iola, which later became the county seat of Allen County.

Water Fills Tires

STONEWALL, Colo. (AP)—To save tire casings and rolling stock, water instead of air is being used in the tires of underground vehicles at the new six-million-dollar Allen coal mine of the Colorado Fuel and Iron Corp. in southern Colorado. Officials said 100 pounds of water pressure in the tires on shuttle cars used in the workings means longer life for the cars as they bounce over rough terrain. They claim water-filled tires give **the vehicles more stability.**

When the Marion Garden Center, Garden Club representatives of the city, met for luncheon recently at the community rooms of the West Town Branch, National City Bank, the organization went on record as opposing the erection of billboards along the new Ohio turnpike. It was reported that lilacs are in full bloom along Marion's Lilac Trail in Vernon Heights Blvd., and the public urged to visit the scene.

Plans were made for a Barter Mart for May 25 at Lincoln Park. Each unit of the Marion Garden Club will decorate a picnic table to be judged at 12:15 p.m. A covered dish luncheon will be served at 12:30. It was announced that all members wishing to do so may bring plants for exchange. Members were asked to send pictures of their flower gardens to Mrs. Ray Dobbins to be entered in the Garden Center scrapbook.

Mrs. Robert White presided for the business session. A "gardener's prayer" was read by Mrs. Homer Waddell. Announcements were made of a meeting of the board of managers June 2, and a Garden Center meeting July 7 preceded by a luncheon at 12:30 at the National City Bank West Town Branch.

Sorority Heads Are Elected At Chapter Meeting

Officers for the new year, headed by Mrs. Henry Schuler Jr. as president, were elected when Beta Gamma Chapter, Lambda Chi Omega Sorority, met Tuesday evening in the home service center of the Ohio Fuel Gas Co. Hostesses were Mrs. William Grimes and Mrs. Angelo Doria.

Named to serve with Mrs. Schuler were Mrs. Wilbur Flach, vice president; Mrs. William Hoffman, recording secretary; Mrs. Don Jerew, corresponding secretary; Miss Della Owen, treasurer; Mrs. Fred Cowan, sergeant at arms; Mrs. Millard Diehl, rush captain; Mrs. Quayle Giles, historian; Mrs. Robert Wise, Clavis editor; Mrs. Robert Brown, chapter organizer.

Mrs. Schuler has been an active member of the Sorority for a number of years. She has served as corresponding secretary, treasurer and historian of the local chapter, and has served the past two years as state recording secretary.

Delegates and alternates were elected to the national convention June 19-21 at the Marott Hotel in Indianapolis, Ind. Business delegate and alternate are Mrs. Schuler and Mrs. Hubert Goerlich, respectively, and Mrs. Wise and Mrs. Jerew are social delegate and alternate.

Final plans were made for a mother-daughter party to be held May 19 in the community room over the West Town Branch of the National City Bank. A report was given of the auditing committee, composed of Mrs. Schuler and Mr Hoffman, and a report was given concerning favors made for the women at the Marion County Home for Mother's Day. Communications were read from the American Cancer Society and the YMCA. The next business meeting, June 9, will be at the home of Mrs. Robert Brown, east of Marion, with Mrs. Fred Cowan serving as co-hostess.

Union Judge Disqualified In Theft Case

COLUMBUS, O. (AP) — Ohio Supreme Court Chief Justice Carl V. Weygandt has disqualified a Union County Common Pleas Judge for acting without authority in a cattle theft case.

Justice Weygandt ruled Wednesday Judge F. Leroy Allen had acted "without notice and without a hearing and without authority in fact or law." He said he will assign another judge to the case.

Judge Allen had removed from office County Prosecutor Lloyd G. Kearns and then tried a defendant in the cattle theft case despite an affidavit by Kearns charging Allen with bias and prejudice.

Four men were indicted in the cattle theft. Allen found one of them innocent in a trial last year. Kearns took office Jan. 1 and began preparations to bring the other three to trial. Allen objected to his selection of the next defendant and removed Kearns and replaced him with two temporary prosecutors.

The case stems from the indictment of four men—James and John Garvey, and Ernest and Glenn Gilbert, two sets of brothers — on charges of stealing 38 sheep and 10 head of cattle.

Ernest Gilbert was found not guilty in a trial before Judge Allen early last year. When Kearns took office on Jan. 1, he undertook to bring the other cases to court. This led to a lengthy series of disagreements between Kearns, Judge Allen and the defense attorney, Harvey Crow, of St. Paris.

Judge Allen, objecting to Kearns' selection of the next defendant to bring to trial removed him from office in so far as the cattle cases were concerned and replaced him with two new temporary prosecutors, William L. Coleman and Gwynn Sanders.

Chief Justice Weygandt, in his ruling yesterday, said Judge Allen's action was "without notice and without a hearing and without authority in fact or law," and that his action in the cases after Kearn's removal was "void."

"Under the law and the evidence," Justice Weygandt said, "Judge Allen is disqualified to sit in the case and some other judge must be assigned by the Chief Justice to sit in the case on a date and at an hour to be selected by the proceuting attorney (Kearns)."

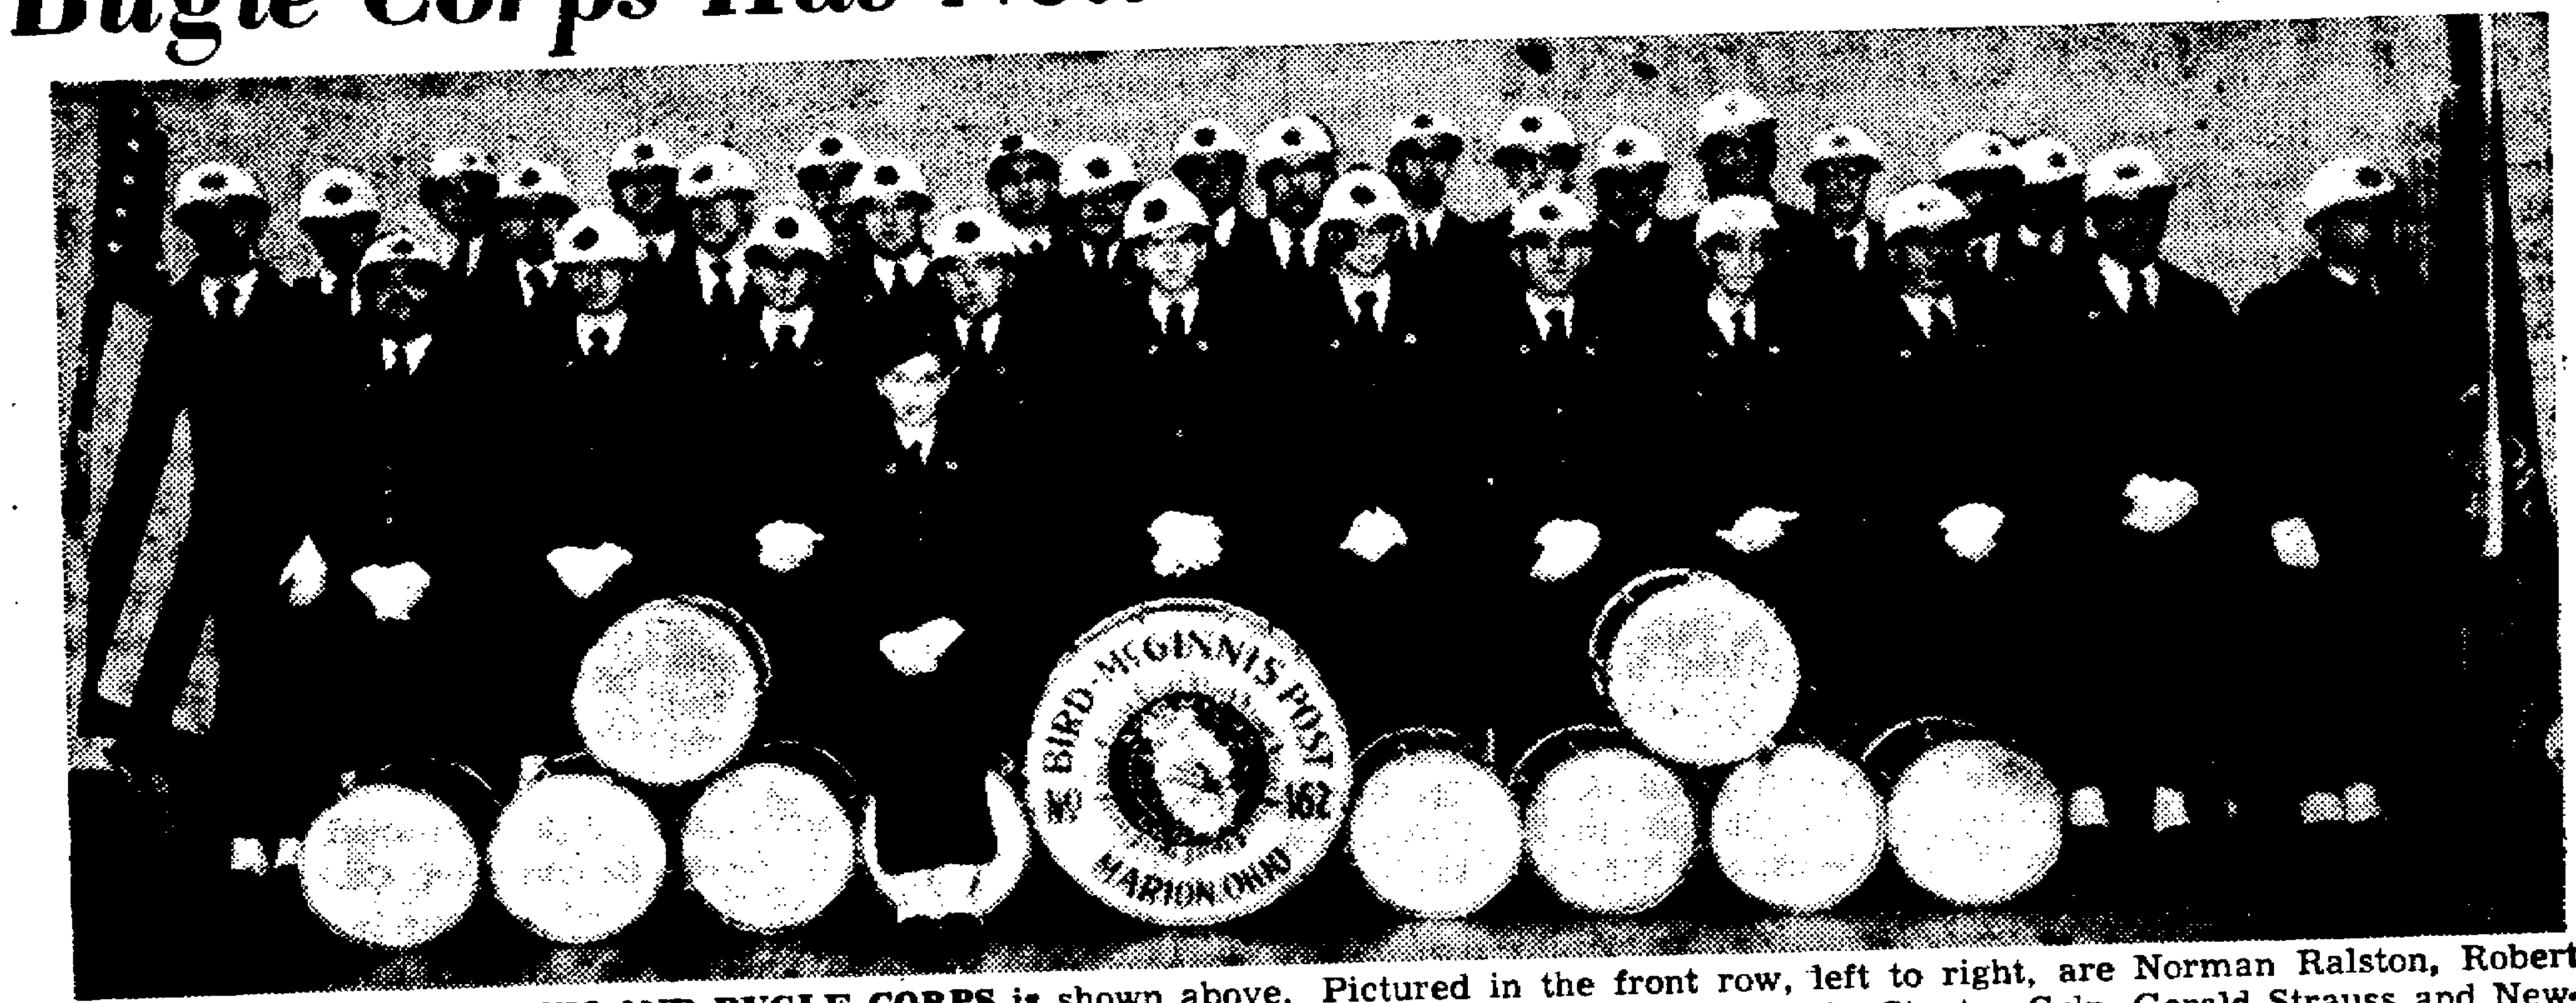
Bugle Corps Has New Instruments for Parade



THE BIRD-McGINNIS DRUM AND BUGLE CORPS is shown above. Pictured in the front row, left to right, are Norman Ralston, Robert Drake, Don Montague, Paul Bell, Wayne Willis, Don Williams, Paul Arndt, Dick Millisor, Ed Norris, Stanton Culp, Gerald Strauss and Newton Cunningham. In the second row, left to right, are Dick Dale, Darrell Willis, John Hachten, Bill McMahan, Dick Burklew, John Breithaupt, Bill Smith, Ralph Nicolosi and Howard Sines. Third row, Jack Cooper, Stephen Byrnes, Harry Mesh, Carl Werley Jr., J. L. New, John Dean, James Miley, Don Bowen and Robert Whittaker. Standing in front is the corps' mascot, Gregg Nicolosi. Not pictured are Gene Roberts, Lee Prettyman, Harry Bell, LeRoy Mesh, Charles Browning, Lewis Blank, Richard McCoy; Miss Eva Walters and Miss Diane Burke, majorettes.

—:—

The Bird-McGinnis Drum and Bugle Corps, which makes its first appearance in Marion this year in the Armed Forces Day parade tonight, recently purchased new bugles which will enable the 36-piece corps to play almost any musical selection.

The American Legion Post 162 corps is equipped with the new Leedy Ludwig horizontal piston type bugles and the new separate tension parade drums. Dr. Gerald Strauss, publicity officer, says the new bugles, which are in the key of "D" and "G," with slide adjustable to "F," will enable the corps to play, with special arrangement of its music, almost any selection.

Music for the coming year has been arranged by one of the leading arrangers for Drum and Bugle corps music in New York.

The Corps has made two appearances out of Marion this year. It appeared in a district K of P convention parade in Delaware May 3 and in the Veterans Day parade and open house at the Chillicothe Veterans Hospital.

The corps is scheduled to play at the opening of Little League ball at Lincoln Park May 17, at Waldo's Memorial Day services May 24, at Marion's Memorial Day services May 30, at Harpster's Memorial Day services, also on May 30, and on May 31 at Caledonia's Memorial Day services.

Goal of the corps this year is to participate in the American Legion State Drum and Bugle competition in Cleveland on July 25. Dr. Strauss has announced the corps would like to increase its bugle section by at least nine members and says it is not necessary to be a veteran to join the organization.

The corps was formed in February of 1952.

This child used an ordinary dentifrice.

This child used ammoniated Ipana A.C.

IPANA A.C.'s ammoniated ingredients proved twice as effective to reduce decay

It's true! Many cavities can now be avoided! A 2-year test on 784 school children proved the ammoniated formula *twice as effective* in reducing decay as the ordinary dentifrice tested. That same ammoniated formula is in *just one leading tooth paste*—IPANA A.C.

No bad breath all day with CHLOROPHYLL!

Scientific odor tests proved that the chlorophyll in IPANA A.C. definitely stopped unpleasing mouth odors—in most cases even 12 hours after brushing. *No other tooth paste offers evidence of such long-lasting breath protection.*

Marion Man Tells About Trip Overseas

Huber Co. Engineer Gives Talk At Rotary Meeting

His travels to Europe, Africa and the Near East formed the background of an address given Tuesday by Clayton E. Gifford to the Marion Rotary Club in its weekly luncheon meeting at Hotel Harding.

Gifford is chief engineer in charge of graders and maintainers for the Huber Mfg. Co. of Marion, and his work has taken him to many parts of the world.

He selected as subjects nine of the 21 countries he visited while touring for his company last year—Liberia, Union of South Africa, Kenya, Ethiopia, Egypt, Turkey, Iraq, France and Belgium. He related some of his experiences in each country, explaining daily life, customs and standards of living.

He was introduced by Edgar W. Barnhart, Rotary program chairman of the month.

Report on Antique Show

Miss Madge Cooper gave a brief talk in regard to the forthcoming Antique Show and Sale to be sponsored by the Federation of Women's Clubs. The show starts Friday in the Veterans Memorial Coliseum.

A visiting Rotarian at the meeting was E. B. Wiley of Stuttgart, Ark. Guests included William F. Westerhold of Sandusky. William Ehrlich, Grant Hinkamp, Roy I. Kaufman and Gene Poling, all of Marion.

Rotary reporter from the Harding High School journalism class was Dan W. Brickley. His attendance at the meeting concluded weekly visits of Harding High Journalism class reporters at Rotary meetings which began seven years ago.

Lunch Periods Shortened

Because shortened noon lunch periods are planned for students starting next fall at the new high school building, it will be necessary for the journalism class to discontinue its Rotary visits. Brickley made this announcement in a brief talk on behalf of the class in which he thanked the club for arranging the seven-year program of visits and told of the benefits gained by the students from writing the weekly news reports and from meeting with the

Sheep Treating Demonstration Slated June 8

Demonstrations on treating sheep for internal parasites were planned for June 8 by the Marion County Sheep Improvement Committee at a meeting held at the Extension Office Wednesday night.

The committee was organized last year for the purpose of working out educational programs as well as service activities that will be of benefit to the sheep industry in Marion County.

The committee also planned for a county-wide sheep dipping program to be started about the middle of July. The Oberdier Brothers of LaRue will cooperate with the committee and will work out a county-wide schedule to make possible for all sheep producers to have their sheep dipped on a definite date which will be planned ahead by the county committee. Anyone wishing to use this service may make arrangements by calling the County Extension Office.

The committee also made plans for ram sales and carcass demonstrations sometime in September. Exact dates of these activities will be worked out later.

The parasite control demonstrations will be held on farms of sheep producers in different parts of the county. The committee is now contacting farmers to arrange the places for these demonstrations. The exact time and place will be announced later.

"LESS DANGEROUS." Chester Bowles, former ambassador to India, tells reporters at the White House that the "military situation in Asia is less dangerous than it was a year ago." But he warns that the threat of Communist aggression will increase in the next few years unless the free world pours in more aid.

Ohio Publisher E. C. Dix Dies

MIAMI BEACH, Fla. (AP)—E. C. Dix, 79, president of the Republican Printing Co., which publishes four newspapers in Ohio, died here today.

He came here late last summer following a major operation in Akron, O., and had been in poor health ever since. He developed a blood infection in December and suffered a relapse two weeks ago.

Dix's company published the Wooster Daily Record, the Martin's Ferry-Bellaire Times-Leader, the Ravenna - Kent Courier-Tribune and the Defiance Crescent-News.

A graduate of Hiram College, Dix came to Wooster in 1898 after his father, Albert, purchased the old Wooster Republican. They built up the paper and later acquired the other three publications.

Dix served for two years as president of the Ohio Newspapers Association and also was board chairman of the association for two years. He was a past president of the Ohio Select List of Daily Newspapers.

He had taken an active part in the growth and development of Wooster and was a former vice president and director of the Wayne County National Bank. Dix also was one of the original organizers of the Wooster Board of Trade.

Survivors include four sons, Albert, publisher of the Martins Fer-

Eight New Directors Named

L. H. Larsen Elected Red Cross Chairman

Officers of the Marion County Chapter, American Red Cross, for 1953 and 1954, headed by L. H. Larsen as chairman, were elected Wednesday at the annual membership meeting at Hotel Harding. R. E. Probst presided at the luncheon session. Besides the officers, eight new directors were elected. A board of directors meeting followed the membership session.

During business, it was voted to send two representatives to the Red Cross National Aquatic School June 14-24 at Camp Limberlost, Ind. A delegate from Marion will represent the local chapter at the national convention in Washington, D.C., June 22-34. The session included showing of a film, "Red Cross Report 1953."

Elected to serve with the new chairman, who succeeds Probst, were L. B. Conkle, first vice chairman, Lowell Douce, second vice chairman, Mrs. J. R. Smith, secretary, and Mrs. L. G. Jones, assistant; and Mrs. William Thomas, treasurer.

Newly elected on the board of 56 members are Lewis Ashworth, Karl Bechtle, Marion Hinklin, Dr. M. S. Olsen, Calvin Retterer, Dr. George W. Pfleiderer, Jack Boyd and Robert A. Bagley. The nominating committee was composed of Ivan Barnhart, Charlton Myers, and Mrs. J. H. Harmon.

Reports for the last month were given at the board of directors meeting. The Home Service report was given by Charlton Myers who gave statistics on cases handled, and visit of the general field representative April 29.

Junior Red Cross co-chairmen, Mrs. Richard Curren and Mrs. Richard Garfield, presented a report on Easter holiday favors for county institutions contributed by 12 schools, gift boxes and toys sent for shipment overseas, "thank you letters" received from foreign countries, and plans for the final meeting of the year to honor the Red Cross founder.

Walter L. Baker, First Aid chairman, reported a class in Standard First Aid completed at Pleasant School with 14 students authorized for certificates.

The Blood Program chairman, R. S. Kraner, reported 120 pints of blood provided to patients at City Hospital without charge during April. No Bloodmobile visit was made during the month. The next visit was announced for Saturday this week, and Sunday at the Marion Engineer Depot.

Volunteer Services reported a total of 335 hours given by 34 workers in Canteen, Gray Lady, Social Welfare, Staff, and Volunteer Nurse's Aide divisions. Mrs. J. P. Courtright is chairman, assisted by Miss Ruth Kleinmaier, Mrs. Arthur Smith, Mrs. W. A. Dennis, Mrs. M. C. Murphy, and Mrs. Carl Meek.

Denied "Big Time" Gambling

Police Chief Stuckert of Bucyrus has denied that there was any "big time" gambling in Bucyrus while the Mansfield newspaper charges that two casinos are in operation along with two bookie and made as inconspicuous exit as possible.

"While talking to the proprietor, the reporter (who told the man he was from a distant city) asked the man how gamblers in Bucyrus could get by without being arrested.

Police No Bother

"Oh, the police don't bother us here," the gambler laughed.

"At the other casino, located just a few doors from the public square, only persons with "membership cards" or with members are admitted.

Six Arrested By State Patrolmen

Six arrests were made by state highway patrolmen from the Marion post Wednesday.

Persons arrested, their charge, and disposition of cases follow:

Horace Breeding, 39, of Detroit, Mich., passing on the yellow line, posted bond for appearance May 16 in Municipal Court; Edward R. Ufferman, 30, of near Marengo, failure to obey a stop sign, fined $10 and costs by Justice of Peace R. R. Bennington at Mt. Gilead; Roger Thomas Vaughn, 31, of Elizabethton, Tenn., passing on the yellow line, fined $10 and costs by Mayor Don Healea of Cardington; Glen R. Millisor, 21, of 510 N. State St., Marion, no driver's license and passing within 100 feet of a railroad crossing on yellow line, posted bond for appearance in Municipal Court today; Norman E. Cray, 21, of the Marion YMCA, cited to appear in Municipal Court today on a charge of leaving a vehicle parked on the highway; Trolla Klopfenstein, 53, of Sulphur Springs, speeding, cited to appear in Municipal Court today.

Urges Ike Act To Heal U.S., British Split

WASHINGTON (AP)—Sen. Ferguson (R-Mich) today urged President Eisenhower to "speak out now in an effort to win British support for a firm policy toward the Communists in Korea and elsewhere in Asia.

He made the suggestion at an interview at a time of increasingly bitter transatlantic gibes between lawmakers of the two long-time allies.

Sen. Knowland (R-Calif) yesterday denounced as a "Munich" appeasement inviting World War III proposals by Prime Minister Churchill and Clement Attlee, Labor party leader. Knowland particularly objected to any truce which would leave Korea divided and lead to admission of Red China into the United Nations.

Backing this up, Ferguson said the President should make a public statement "that shows our policies do not coincide with those of Churchill and Attlee.'

"An early statement on our stand by the President would be of great benefit,' the Michigan senator said. "Churchill and Attlee have been advertising to the world where Britain is going to stand in the Korean peace negotiations—if there is a cease-fire—and I am fearful this will discourage our allies in their efforts to resist com-

Police Report Two Accidents, Seven Arrests

Only Slight Damage Results From Crashes

Police today reported two traffic accidents, both of a minor nature.

Cars driven by Eileen F. Stewart of 323 Madison Ave. and Gladys M. Taylor of 190 Boone Ave. collided Wednesday at Kenmore Ave. and E. Church St. at 11:39 a.m. Slight damage resulted to both cars.

A truck owned by the B & W Construction Co. and driven by Eunice Bauerle of near Marion was slightly damaged Wednesday at 8 a.m. when it struck a building at 126 W. Pleasant St. The truck was being parked, police reported. Only damage was scratches on the truck.

Seven persons were arrested and charged with traffic violations, the police reported.

William Junior Stambaugh, 27, of 148 Fies Ave. was arrested Wednesday at 10:32 a.m. on Bennett St. and charged with driving with an open muffler. He was to appear in court today.

Richard Spicer, 21, of 566 Park St. was charged with driving with an open muffler Wednesday following his arrest at 12:42 p.m. on E. Farming St. He also was to appear in Municipal Court today.

Grace E. Cyders of 620 Uacapher Ave. was to appear in court today to answer a charge of speeding. She was arrested Wednesday at 2:21 p.m. on Davids St.

Charged with speeding after his arrest at 1:27 a.m. today on Kenton Ave., Richard J. Pearson, 32, of Dunkirk was to appear for a Municipal Court hearing.

Louis E. Collete, 39, of Carey forfeied a $35 bond when he failed to appear in court today to answer to a charge of reckless operation. He was arrested at 2:49 this morning on Bellefontaine Ave.

Billy Marion Utley, 24, of 293 Clinton St. was arrested at 7:28 a.m. today on W. Center St. He was charged with driving with insufficient brakes.

A charge of speeding was lodged against William H. Rush, 27, of near Marion. He was arrested this morning at 8:19 on Davids St.

Murder

(Continued from Page 1)

Miss Stevens, Reece and LaVette, Miss Harris came down the stairs and they noticed she was cut and bleeding in the left chest.

They were in a downstairs room of the house at this time, they told police.

Reece and LaVette carried Miss Harris to a dump truck owned by LaVette parked outside the house and drove to the City Hospital. Apparently she died enroute to the hospital.

Previous Arrest

Records at the Marion Municipal Court Clerk's office today revealed that Augustus has been in trouble with the police department only once previously in the past five years. He was arrested last November 18 on a disorderly conduct charge and was fined $15 and court costs when he pleaded guilty in Municipal Court.

The records also disclosed that Miss Harris was arrested last Nov. 11 on Kenton Ave. and charged with gambling and frequenting a disorderly house. She pleaded guilty to this charge and was fined $25 and costs in Municipal Court at her hearing on Nov. 13.

She also was listed as the plaintiff in two assault and battery cases in which she charged that Reece—one of the material witnesses—had attacked her.

The first of these cases allegedly occurred on about Nov. 15 at 686 Hocking St. Reece pleaded guilty to this charge and was fined $100 and costs in Municipal Court. On January 24 this year Reece was again arrested on a warrant signed by Miss Harris. Again pleading guilty in Municipal Court he was fined $100 and sentenced to 30 days in the Columbus workhouse.

Born February 7, 1918 in Pittsburgh, Miss Harris was the daughter of Lorenzo H. and Emma Spinner Harris. She is survived by a two-year-old son, Ronald, of the Hocking St. address. It was not known at noon today whether her parents survive or whether she has any other living relatives. The body is at the Boyd Funeral Home pending the completion of funeral arrangements.

be the only food other than banquet service. In the rear of the building will be locker rooms for boys and girls and an entrance into the natatorium.

Adult Sections

The adult section will be equipped with equal facilities for both sexes. An adult lounge and another lounge for women will be found just off the main entrances. Off the women's lounge will be a small pantry for serving teas and potlucks. To the rear of the building will be locker facilities for men and for women, a tote basket room and the natatorium.

The pool itself will be lined with tile. It is 40 feet wide and 90 feet long and will be equipped with a one-meter diving board. Portable seats will allow for seating 300.

On the basement floor at the front of the building is a large youth center and craft shop covering 5,000 square feet. Health rooms, locker rooms, shower rooms, steam bath, ultra violet ray, massage rooms and a cot room are found toward the rear.

Also on the basement level is the boiler room and the pool gallery. Included in the gallery is a maze of copper tubing and valves which only an engineer understands.

After touring the building, we find that it has been designed with an eye toward possible expansion in the future. We also learn that areas adjacent to the structure will be black-topped for parking areas.

He said for many years recognition of Red China, that different country has been interpreted as tacit approval of that nation's form of government. The United States, the President added, therefore has to review each case differently than other countries might handle it.

Surviving are a daughter, Mrs. Zora M. Scranton of near Marion, and son, Lawrence Harder of near Mt. Victory, 12 grandchildren and 14 great grandchildren. A son, Glenn Riley Harder, preceded her in death.

Carey Soldier Wounded in Korea

Special to The Star

CAREY—Mr. and Mrs. Roy V. Plott of Carey have been notified by the War Department that their son, Pfc. Roy A. Plott, was wounded in action in Korea.

According to the telegram, Pfc. Plott received flesh wounds in the face and left thigh by mortar fire on May 3 when his company was attacked by the enemy. He was serving with the Army on the Western front.

His parents say he is not in serious condition and that he presently is in a hospital.

He had been overseas since February. He was graduated from Carey High School in 1949 and was employed by the Swan Rubber Co. before entering the service in November of 1951. He received his training at Camp Polk, La.

CARPENTERS STRIKE

PORTSMOUTH, O. (AP)—A strike of 320 AFL carpenters slowed construction today at the billion-dollar atomic energy plant in Pike County. The carpenters are seeking an increase of 30 cents an hour to bring their pay to $2.80. The local recently received a 30 cent increase after a 27-day strike. Peter Kiewit Sons' Co., prime contractor, said it would not grant the requested increase but is willing to negotiate for a "reasonable wage increase" and submit the matter to a federal mediation board."

Denies Request For Transfer Of Telephone Service

COLUMBUS, O. (AP) — The state utilities commission today denied the petition of 32 Marion County residents seeking to transfer from Ohio Central Telephone Co. to Ohio General Telephone Co. territory.

The commission followed the recommendation of Attorney Examiner Charles Ballou, who found the PUCO was without power to order territory near Cardington transferred. Ballou said wintesses at a PUCO hearing complained about toll charges to Marion and a necessity of handling Marion calls through Ohio Central's Cardington exchange.

Richwood Seniors Guests at Banquet

Special to The Star

RICHWOOD—A May Day theme highlighted the Richwood High School junior-senior banquet Friday night at the Hotel Harding. Dinner music was provided by Mrs. Lena Milligan of Richwood.

The welcome address was given by Larry Chapman, president of the junior class, and the response by Dick Oman, president of the senior class. Mrs. Millie Endsley, seventh grade teacher, offered two vocal selections.

Others featured in the evening's program were: Helen Brelsford and Patsy Shuman who gave the class history; Beverly Fields, Larry Chapman, the class prophecy given by Sam Pierce and Darlene Battles, the junior boys' quartet, Arlene Dickason, Roger Oman, Don Colegrove, with reports on scholarship, extra curricular events and athletics, a vocal solo by Aileen Tinch, the junior girls' sextet, and the class will by Larry Greenwood and Carolyn Mosher.

H. R. Fisher, superintendent of the school, also addressed the classes.

joints and numerous other spots where punchboards and other gambling devices are available.

After hearing Greenspan's testimony, Crawford County Prosecutor John D. Sears indicated he desired to obtain concrete evidence in connection with the published reports, and then directed the three Mansfield newsmen to appear Wednesday.

In issuing his statement ordering the removal of all gambling devices in the rural areas of Crawford County, Sheriff Jacobs emphasized that his order covers all forms of gambling, such as punchboards, fish bowls, and pinball machines if they are used for gambling.

Any devices not removed will be confiscated immediately if discovered by sheriff's authorities, Sheriff Jacobs warned.

Mansfield newsmen presumably gave the Crawford County Grand Jury a report of their tours of alleged gambling dens in the county.

In the newspaper Wednesday the reporters told of visits to two casinos, two bookie joints and several other spots in and around Bucyrus.

Their reports included descriptions of wholesale gambling, including dice tables, roulette wheels, horse race books and slot machines dressed as pinballmachines.

The newspaper said:

"The two casinos operating in Bucyrus were found to be the only gambling which is run undercover.

"One is a large white house which has an enclosed back porch facing the alley which passes the rear of the Moose hall.

"A reporter entered the enclosed porch, walked down a narrow passageway and rapped on the locked inside door. (It was Saturday night)—the only night, the proprietor later said, that the casino was open with the exception of Sundays when he said a smorgasbord was held.)

"A man looked through a barred slit in the door and permitted the reporter to enter.

" 'Where are the dice tables the reporter asked.

"The proprietor said that only club members were allowed upstairs but invited the reporter to sit down in the 'dining room' and have some free coffee. Free shrimp was also offered.

"The proprietor talked to the reporter for several minutes, and then permitted the newspaperman to go upstairs.

Well-Dressed Crowd

"A large dice table and roulette wheel were in operation. Well-dressed persons were gambling at both the wheel and the table.

"The reporter bought chips and tried his "luck" at both roulette and dice.

"The reporter lost five dollars

"In this casino, a smorgabord is offered free to those in attendance, a group of well-dressed men and women who spend heavily on the two roulette wheels and dice table.

"The name "Palms Supper Club" is printed in plain letters on the first door leading into the club at the top of the stairs on one of Bucyrus' main streets, within sight of the courthouse.

"At least 10 men are also employed to keep the table and wheels running smoothly.

"They paid off to the wrong person, seven of the gamblers in Crawford County who are trying to dodge prosecution for possession of gambling devices by using new-style "slot machines."

"Six paid off to a reporter. The fifth paid off in the reporter's presence.

Teen-Agers Lose

"The reporter won $1 on two "Futility" machines in a pool room and a cigar store in Galion. A thin-face little man with red hair nonchalantly gave the reporter his payment for winning 20 "free games" in the pool room. The cigar proprietor payed off with a wide grin on his face.

"The reporter cashed in 40 games for $2 at a drive-in restaurant in Bucyrus, minutes after four teen-age boys had lost $5 to the gambling device.

"Pay-offs of $5 and $2 also were made in both of Bucyrus' bookie joints, the $2 pay-off being transacted while a policeman stood idly by. The $5 pay-off was on a machine which another policeman had been playing. These machines were of the "Bright Lights" type.

"At a roadside restaurant east of Bucyrus on Route 30-N, a man won $7 and was paid off while the reporter chatted with the woman handling the cash register.

"At a truck stop west of Bucyrus on Route 30-N, the proprietor payed off for "free games" won on a console-type slot machine, replete with lemons, cherries, plums and bells.

"The bookies in Bucyrus, both within a block of the courthouse, don't lease racing wires or pin the racing form sheets on a board. (Last year's probe by the Ohio House of Representatives outlawed racing wires in the state and embarrassed many a racketeer who thought he was fooling the law.)

"The method now is slower and not quite so lucrative, but it's comparatively safe. Bettors merely use Monday's racing form to make Monday's wagers, and Tuesday's racing form to collect Monday's winnings, if any.

"Both bookie and bettor are operating "in the dark" considering that last minute scratches (withdrawing a horse) and post-time odds are not available as they were when racing wires flourished.

up of Sweden, Switzerland, India, Poland and Czechoslovakia.

If two months of Red "explanations" fail to sway the Chinese the Allies would release them outright. The Red plan would leave their fate to a high-level, post armistice conference.

The U. N. Command carefully weeded out of the Reds' May 7 proposal any provision that could force prisoners home against their will and suggested that India be the only nation on the commission to supply troops.

At Thursday's one hour and 34-minute session, both sides hurled bitter charges.

North Korean Gen. Nam Il called the Allied plan "unreasonable and absurd" and said it was simply a "disguise" to hold prisoners forcibly.

Agriculture Dept. Budget Boosted

WASHINGTON (AP) — The House Appropriations Committee today recommended an Agriculture Department budget 1.4 per cent larger than President Eisenhower had asked.

It sent to the House floor for debate next week a bill to appropriate $712,308,328 to finance the department's regular activities for the 1954 fiscal year starting July 1.

This is $37,101,014, or 5 per cent, less than former President Truman asked for in his January budget message. But it is $8,942,086 more than the Eisenhower administration requested in a budget revision submitted by Secretary of Agriculture Benson.

CONTROL BOX BURNS

City firemen from the Central station were summoned to extinguish a minor fire in a city traffic light control box in an alley at the rear of 127 S. Main St. at 4:09 p.m. Wednesday. Chief O. A. Sifritt said apparently wires in the box short circuited. There was only minor loss.

101 in Waco

WACO, Tex. (AP)—The known death tally continued to mount today as searchers dug deep into the tornado ruins in downtown Waco. Early today the 101st body was free from the debris.

Meanwhile, city officials studied these grim figures: damages estimated at 50 million dollars; 196 business and manufacturing buildings destroyed; 1,836 other buildings and homes damaged or destroyed.

In San Angelo, Tex., where another tornado struck shortly before the Waco storm, the toll stood at 10 dead—making a total of 111 tornado dead in Texas.

The weather remained wet and cold. Two hours of sunlight yesterday were all Waco had seen since the twister smashed the heart of the business district Monday.

Delaware Marine Wounded Twice, Returned to U.S.

Special to The Star

DELAWARE—One of three servicemen sons of Mr. and Mrs. Gerald P. Wallace of Delaware has been returned to the States for treatment of shrapnel wounds after serving 13 months in Korea.

Marine Sgt. Garfield R. Wallace, 19, received two Purple Hearts, the first while in a hospital in Japan after suffering head and side wounds in October, 1952, and the second in a field presentation after he was wounded early this year in his left hand by shrapnel.

He now is in the Cherry Point, N. C., Marine hospital for possible surgery.

When he returned to action after his first hospitalization, he was made a squad leader with the veteran First Marine Division.

He and his brother, Sgt. William Wallace, 20, entered the Marines together in December 1950, at Louisburg, Kan., where the family was living at the time, and received boot training at San Diego, Calif. Immediately after this training, Garfield was sent to Camp Pendleton and within one month was shipped to Korea with the First Marine Division Headquarters Co.

Garfield's first furlough home was in April this year. On May 2 he was married to Miss Mary Lou Beaston of Upper Sandusky. She has returned to Ohio Northern University at Ada to complete her year's study.

Sgt. William Wallace is in Korea serving with an amphibious tractor unit of the First Marine Division.

The third Wallace boy, Airman 2/c Perry Wallace, 18, is in Puerto Rico where he was sent in December, 1952. He enlisted in April that year.

The World Today

Silent Cabinet Member

By JAMES MARLOW

WASHINGTON (AP) — Of all the members of President Eisenhower's Cabinet, Secretary of Labor Durkin — lifelong Democrat and former head of the AFL Plumbers Union—has probably had the least to say.

Since taking office in January Durkin has made a few public talks, none of which started any fires, and has held one news conference. Reporters covering the Labor Department seldom get to see him. When they do, they report, he has practically nothing to say.

He tried to hold a labor-management conference on labor problems but it collapsed at the start.

Before he became secretary, Durkin, as an AFL leader favored full repeal of the Taft-Hartley Act. During the 1952 presidential campaign Eisenhower suggested the act should be changed a bit, but not repealed.

When he became secretary, Durkin modified his position—as he undoubtedly had to do to remain in the Eisenhower Cabinet—and said he thought changes in T-H would be sufficient.

Amending T-H is the No. labor relations problem facing the Eisenhower administration. The House and Senate Labor Committees have held weeks of public hearings to listen to suggestions.

Those public hearings are now over but neither Durkin, the main labor official of the government, nor any other representative of the administration appeared to offer ideas.

This annoyed one member of the Senate committee so much—Sen. Murray, Montana Democrat—that he made a statement.

Murray said it was "an altogether unique experience—the first time in my senatorial career in which a Senate committee has held extensive hearings . . . without the benefit of the experience and advice of the executive branch of the government."

It was unusual because it is common practice for a Cabinet member, as head of a department, to appear before a congressional committee considering legislation which comes within the province of his department.

Durkin had an embarrasing beginning as secretary. When Sen. Taft, the Ohio Republican who is co-author of T-H and his party's leader in the Senate, heard Eisenhower had picked Durkin, he said: "Incredible."

There has been no known friction between Taft and Durkin since. But shortly after the Eisenhower administration took over, State of the Union message Jan. 20 had called for creation of that committee.

The committee exploded and disappeared almost from the moment it first met. Management members disagreed with the public and labor union members on the opening question: how to go about the task of drawing up proposals.

At Durkin's office last night—Durkin was out of town—an assistant said he has been working on some proposed changes in T-H but wouldn't predict they'd get very far.

Richwood Lions Hear Of Reformatory Work

Special to The Star

RICHWOOD—Frank J. David, supervisor of safety at the Federal Reformatory in Chillicothe, addressed members of the Richwood Lions Club at the regular meeting Thursday night in the Masonic Temple dining room. His talk was on his experiences in 12 years of penal work at the reformatory.

The meeting was attended by 75 members and guests. President Dwight Minter had charge of the business session, and the nominating committee composed of past presidents of the club presented a slate of nominees for the election of officers for the next year. The slate was accepted and officers elected as follows: Don Parrott, president; first vice president, Nelson Blue; second vice president, R. D. Fetter; third vice president, Lee Hagenlocker; secretary, Gene Ballard; treasurer, C. V. Zuspan; tail twister, Arthur Pettey; assistant tail twister, Ted Miller; lion tamer, Jack Oman; assistant lion tamer, Zane Randall; directors, Amil Collins and Thomas Thomasson; directors (carryover), K. Van Zant and Leo Gindell; song leader, H. R. Fisher.

A new flag has been presented, by the president, in behalf of the Lions Club, to the Richwood High School band. It is a specially designed band flag in the school colors.

The newly electede officers will be installed at the June 18 meeting, and Ladies Night will be observed at this time.

Prior to the meeting, the dinner was served by the sophomore class of the Richwood High School.

Taft offered Congress a number of his own suggestions for changing T-H. So far as is known he didn't consult with Durkin beforehand, although he said he had talked over his amendments with Eisenhower.

Before joining the Cabinet, Durkin said one of his main objectives in office would be to amend T-H in a way "acceptable to both labor and management and which will protect the public's interest."

There is no ready explanation for his silence, publicly at least, as to what changes he thinks should be made. He may be working behind the scenes. Or he may have been reduced, within the Eisenhower administration, to the position of a figurehead.

Last Dec. 9 Durkin said he didn't plan any full-dress labor-management conference because he questioned the practicality of that approach to labor legislation, remembering that former President Truman called one after the war and nothing much came of it.

But on Feb. 15 Durkin named a 15-man committee — selected to represent equally the public, labor and management—to help the administration draw up proposals for changing T-H. Eisenhower in his

McCarthy Asks Apology From Britain

Calls Attlee Speech "Cheap" Attack On Benevolent U.S.

WASHINGTON (AP)—Sen. McCarthy (R-Wis) said today Britain should apologize for what he termed a "cheap" atack by former Prime Minister Attlee on President Eisenhower and the American people.

Conservative party members of the British Parliament, McCarthy said, sat silently last Tuesday while Attlee made "one of the most insulting speeches ever made in the legislative body of a recipient nation against an ally which has been pouring out her economic life blood for practically every other nation on earth."

In a speech prepared for Senate delivery, McCarthy declared:

"The American people are entitled to an apology for this cheap, uncalled for, fantastic attack upon the President and people of the United States.

"We are entitled to an explanation as to whether the majority party in Britain agrees with Mr. Attlee, who was rejected by the British people."

One by one McCarthy took up Attlee's reported declarations that "there are elements in the United States that do not want a truce in Korea"; that the presence of Eisenhower or any American might "hinder" direct peace talks with the Russians; that "the American Constitution was framed for an isolationist state," and that "the Americans do not wish to have anything to do with Europe."

McCarthy's prepared text contained no mention of Attlee's statement that "one wonders" whether Eisenhower or McCarthy wields the greater power in U. S. foreign policy.

"What shocked me," McCarthy said, "was that no member of the majority party arose to contest what he had said."

"I shall distribute to whatever senators who desire it," McCarthy said, "a copy of a picture of Attlee reviewing Communist troops in Spain in 1937 with Communist Gen. Miaja and Commissar Anton, a leader of the Communist party in Spain, all three giving the Communist clenched-fist salute.

"But lest someone think Attlee's Communist salute was merely an act of courtesy on his part, I have here a letter in Attlee's own handwriting. . . . He first, praises in glowing terms the Communist brigade and extolls its devotion to the 'cause of freedom and social justice.'

"And listen to this closing paragraph: 'I shall try to tell our comrades at home of what I have seen.' . . .

" 'Comrade' is a Communist term meaning fellow Communist."

Several times thereafter the text of McCarthy's speech mentioned Attlee as "Comrade Attlee."

McCarthy said Attlee welcomed Churchill's proposal for a big power meeting, but "hinted the presence of any American would only hinder talks."

McCarthy said that was a "libel" against Eisenhower and "slanders the American people.'

"Perhaps Mr. Attlee forgets that the U. S. has suffered 130,000 casualties in Korea, while the British figure is roughly 3,700," the senator said. He went on:

"In connection with his statement that there are elements in the U. S. who do not want a truce in Korea, Comrade Attlee knows full well that this nation which has contributed so much in agony, blood and tears . . . does want peace in Korea and peace throughout the world, but peace with honor—peace without surrender."

It should be, he said, "the kind of peace we could have obtained when Douglas MacArthur was in charge in the Far East, had he not been hamstrung and his hands tied by the Achesons and Attlees of this world."

"This country that Attlee calls isolationist—which he says wants nothing to do with the rest of the world," McCarthy said, "has given since the end of the shooting part of World War II what would amount to $61,643 for every day since before Christ was born. . . ."

Bucyrus Man to Testify Against Education Bill

Special to The Star

BUCYRUS—Pearson L. Linn of near Bucyrus, state director of information for the Ohio Community School Association, was scheduled to testify in Columbus today before the education committee of the Ohio house of representatives in opposition to House Bill 128.

The bill, introduced by Reps. Manahan, Longsnecker and McClure, provides for the establishment of county citizens' committee to handle school district reorganization problems.

The association, which was organized last year to retain control of schools at local levels, voted unanimous opposition to the bill at a meeting here May 1. Leaders of the association charged that the appointive committees would replace elected school board members.

U.S. Jets Hit Red Korea; 3 MIGs Downed

Bombing Attacks On Supply Bases Cripple Communists

SEOUL (AP)—U. S. Sabre jets destroyed three Communist MIGs and shot up two more today as hundreds of Allied warplanes swarmed over North Korea for the second straight day.

Small-scale but savage fighting flared along the East-Central Front for the third straight day.

Thirty-eight Sabres flying as fighter-bombers divebombed a Red troop and supply area in Central Korea, while 25 other Sabres blasted battlefront supply dumps farther west. Thunderjets dumped explosives on supply targets near Pyonggang on the Central Front.

The Air Force credited today's MIG kills to Lt. A. R. Cox of Denmark, S. C.; Lt. Edwin Aldrin Jr. of Mount Claire, N. J.; and a pilot who asked that his name be withheld because he didn't want relatives to know he's in action.

Another MIG probably was shot down and one was damaged, the Air Force said.

A dozen B29 Superforts from Okinawa flew through moderate to intense anti-aircraft fire Wednesday night and cratered a Communist airstrip north of the Chongchon River.

Carrier-based Navy planes from Task Force 77 hit troop and supply areas along the northeast coast of Korea Wednesday, the Navy announced. Returning pilots reported setting big fires from Wonsan to Hungnam and Songjin.

Chinese infantrymen attacked seven outposts along an eight-mile sector of the East-Central Front Wednesday night and for the third straight day overran several in the Texas Hill-Captol Hill area.

The Eighth Army said South Korean forces drove some of the Reds back while other units pulled out after dawn, leaving all of the outposts in Allied hands, the Army said.

Students to Speak

Upper Commencement Slated

SENIOR CLASS SPEAKERS at Upper Sandusky High School commencement exercises on May 27 will be, left to right, Carolyn Krebs, Miriam Hale and Faith McWilliams. The three honor students will represent their graduating class in the exercises to be held at the Junior Fair Building at the Wyandot County fairgrounds.

Special to The Star

UPPER SANDUSKY—Three honor students speaking at the 78th annual commencement exercises of Upper Sandusky High School, will be Miriam Hale, Faith McWilliams and Carolyn Krebs.

Exercises will be held on May 27 in the Junior Fair Building at the Wyandot County fairgrounds, north of Upper Sandusky.

The old custom of choosing valedictorian and salutatorian has been abandoned by the school, and instead the three students rating first scholastically make the student commencement addresses.

Miss Hale is a member of the Annual staff and reporter for the school paper, Orange and Black. She is active in 4-H club work, a member of the school band, choir and the Tri-Masque. She was also a member of the senior class play cast.

Miss McWilliams will use for her topic, "1803-1935-1953." She will be speaking about the Ohio Sesquicentennial in the 1803, and 1935, the year when this year's graduates were born, and the 1953 the year of their graduation. Miss McWilliams is a member of the Tri-Masque, a member of the senior play cast, a member of the Hi-Teens and took part in the Prince of Peace contest.

Miss Krebs will use for her topic, "The Three R's." She is a member of the annual staff, class historian, drum majorette, a member of the senior play cast, a member of the Hi-Teens, Tri-Masque, a member of the Girls Athletic Association and the orchestra and choir.

July Draft Call Lowest in Year

WASHINGTON (AP) — The Army draft call for July is 23,000, the lowest since last June's record low of 10,000.

The July call, issued yesterday, brings to 1,469,430 the number of men drafted or earmarked for induction since selective service was resumed after the Korean War started in mid-1950.

All but 81,430 of these, who went into the Marines during a 10-month period, were called for the Army.

The Defense Department said the lowered draft for July is in line with the reduced military budget for the fiscal year starting July 1.

Glimpse of Korea Given by Speakers At Crestline

Special to The Star

CRESTLINE—Dr. Charles Gauer, recently returned missionary from Korea, was speaker at the morning session Tuesday of the Mansfield District Conference of the Methodist Church held in the local church. His topic was, "Latest News From Korea."

At 2:30 p.m., Dr. Olin Stockwell, recently released by the Chinese Communists after 23 months of imprisonment, spoke. He told of China under Communist rule, and the meaning of that rule for Christianity. These experiences have just been published by Harper under the title "With God in Red China."

District Superintendent Dr. S. E. Lafollette of Mansfield was in charge.

The district covers seven counties, Ashland, Richland, Crawford, Morrow, Knox, Coshocton and part of Delaware, and includes 68 pastoral charges, 117 churches.

At noon, luncheon was served by ladies of the Woman's Society of Christian Service. Mrs. Herbert Cowgill, president, was in charge of arrangements.

Police Book Man For "Loose Wires"

BALTIMORE (AP)—"Got any loose wires in here?" asked the man who poked his head in a second-story window of police headquarters yesterday.

Patrolman Vernon Green didn't know of any. While he engaged the man in conversation, two other policemen crept along the narrow ledge outside and grabbed him.

Identified as Frederick W. Krause, 43, he was booked on a disorderly conduct charge.

Architect Says Cities Moving Into Country

NEW YORK (AP)—In 25 years grass will grow in the streets of New York and flowers will bloom on the sidewalks, says noted architect Frank Lloyd Wright.

The cities are "moving to the country," Wright said yesterday after being named to receive the annual Gold Medal for Architecture of the National Institute of Arts and Letters later this month.

"The city is a hangover from feudal times," he said. "Once it was necessary, but it reached and passed its peak and now you will see it disappearing."

New Mexico allowed only 20 points in its first five Skyline Conference football games this season.

Model of Coronation Coach to Be Shown

NEW YORK (UP)—A glittering, gold-fringed model of the coach in which Queen Elizabeth II will ride to her coronation is being set up in Rockefeller Center.

It's two-thirds life size, and includes 30 gray horses, postillions, attendants, yeomen and guards, all in clay and plaster. The display, opening Monday, has an overall length of 90 feet.

Owned by E. R. Lewis, a London phonograph record manufacturer, the model reportedly cost $3,000 more than the $25,000 that King George III spent on the original coronation coach in 1762.

CIO Opens Wage Talks With Big Steel

Watchful Waiting Begins for Sign Of National Trend

PITTSBURGH (AP) — Industrial America and the Eisenhower administration watched the steel capital today for an indication of what may be in the wind in the way of steel wage increases which could affect the prices of practically every commodity in the land.

The watchful waiting began as the CIO United Steelworkers opened its first negotiating session today with big United States Steel Corp.

The steelworkers union is asking the industry to increase wages of its 1,100,000 members. It traditionally begins its bargaining with U. S. Steel, which usually sets the pace for the entire industry.

In past years wage increases in steel were followed by similar hikes in other industries. That is why the other industries and the new Eisenhower administration are watching. Since wage and price controls were lifted, the new GOP administration has said it would make every effort to head off another inflationary spiral.

The steelworkers union, which also scheduled a negotiating session with Youngstown Sheet and Tube Company in Youngstown, O., hasn't spelled out its demands. But it is believed to be seeking about 10 cents an hour more for workers now averaging from $2.06 to $2.20.

If no agreement is reached by June 30 the union is free to strike.

This year USW President David J. McDonald will be conducting his first negotiations for the big steel union. He succeeded Philip Murray, president of both the CIO and the steelworkers, who died several months ago.

An old hand at the negotiating sessions will lead the U. S. Steel team. He is John A. Stephens, vice president of the big corporation.

Similar contract talks will open tomorrow in Pittsburgh with Jones and Laughlin Steel Corp. and in Cleveland Monday with Republic Steel Corp.

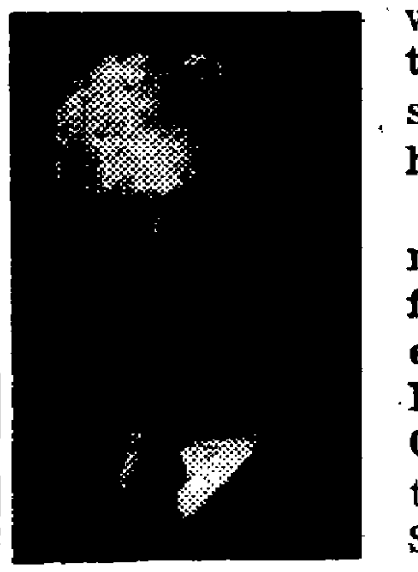
Cops and Robbers

By FRANK TRIPP

Some folks fret too much about youngsters' cops and robbers proclivities, and too little about insidious germs planted in young minds by careless adult conversation, and by pink tinged instructors whom they are taught to trust.

The prevalent "murderous pastimes" of pistol toting ages four to 12 are nothing new. You'd have trouble finding an octogenarian who didn't pass through the same stage in his childhood.



TRIPP

You'd have more trouble finding one who ever heard the Bible or the Constitution of the United States questioned by his elders. Loyalty to God and to country transcended "academic freedom" in his day.

It should be parents, rather than over-indulgent government, who demand by organized uprising that schools be rid of teachers unwilling to publicly proclaim and diligently teach all-out, old-fashioned patriotism. No other is fit to teach.

Mail comes urging that something be done to "rescue children from guns, daggers and soldier worship." Horsefeathers!

Back as far as memory goes, children have played soldier, impersonated Custer, Daniel Boone and Jesse James, skulked behind trees, "shot" each other, crept up on Sitting Bull and scalped him with wooden tomahawks.

None who did ever became traitor or conscientious objector—not even a sissy. It takes real nerve to hold up an imaginary stage coach, and heroism to bring highwaymen and train robbers to justice.

Such boyish realism grows he men, just as fondling a doll grows kind mothers. Let 'em "shoot" to their hearts' content. But for heavens sake, keep BBs and .22s out of their reach.

—:—

AN INDULGENT father gave me a .22 rifle two years too early. Pronto Harry Stage and I beat it for West Hill. Popping at squirrels brought poor results; a farmer's cow was our size target. We let bossy have it, luckily only piercing her rump at long range. She cantered lively from the sting—and the farmer gave chase.

We fled to the woods, hid the rifle under a log and returned home by a circuitous route, to face parental wrath. We were compelled to return for the gun and to face the farmer. The treasured .22 was put away and 16 was proclaimed the age at which I could next touch it.

The very month that I reached 16 Spain blew up the Maine in Havana harbor. The .22 and I went into target practice, and I tried to enlist. I was big enough but too young; so ran away on my bicycle to Syracuse, where I could look 18 to strangers, but didn't get away with it. I slunk back home, and lived unhappy months grieving that my country needed me.

—:—

SUCH AMBITIONS grow in every boy who is allowed to live a boy's life. How much better that enthusiasms develop for the defense of freedom than that seeds of distrust and treachery, planted by half-Americans, grow a generation of doubters, temporizers, cowards. "As the twig is bent—."

Boys demand a good measure of excitement, bordering on the heroic. Within a few recent weeks things happened that made our grandson Teddy the envy of his gang. First his bicycle was stolen, the thief caught, and Teddy went before the grand jury, which furnished days of exciting conversation.

Next the family laundry was snatched off the back porch and Teddy became the center of a mystery. The gang turned detective: still peer at strangers' shirts and inspect peoples' clothes lines.

—:—

THEN CAME the clincher that Teddy leads the real life. Alone, midevening, from his room upstairs, he heard a noise downstairs. He phoned his grandmother from an extension and got his message across just as the burglar cut the telephone wire. Grandmother phoned the police. Before they arrived the burglar had fled with some trinkets and $40.

Well, brother, didn't that rouse the gang. Each is telling what he would have done; but Teddy sticks to the notion that he'd be a dead hero any other way he did it—and he could be right.

Let's all remember that kids crave excitement. Let's help 'em get it their own harmless ways—meantime protect them against treacherous isms that are breeding distrust of those basic truths and treasured freedoms that made America great.

That's where parents' real job lies.

Death Claims U.S. Shipper

HONOLULU (AP)—A plane is due here tomorrow with the body of Hans J. Isbrandtsen, the almost legendary American ship owner who died of a heart attack yesterday on Wake Island.

Isbrandtsen, 60, was en route home by air after a three-week business trip to Japan when he was stricken as he stepped from a plane during a stopover. He died a few minutes later.

The body is to be flown to New York for funeral services.

Isbrandtsen believed in unlimited freedom of the seas and frequently tangled with governments for it. Few would stand up to him when he went after what he felt was right.

Although a small operator, he was a giant among independent owners and was a constant source of irritation to his competitors. He would have nothing to do with rate agreements. He wouldn't accept government subsidies.

He ordered his ships to ports in Communist China early in 1950 despite the Nationalist blockade. Several freighters, notably the Flying Arrow, were damaged in running the blockade.

Many of Isbrandtsen's skippers also were of heroic stature. Among them was Capt. Kurt Carlsen, who refused to leave his stricken Flying Enterprise until just before it sank in the stormy Atlantic early in 1952.

Blessing in TV

By Inez Robb

At long last the true mission of television is revealing itself even to such jaundiced witnesses as myself. In another decade it is just possible that TV will have abolished the present-day business and-or professional convention, combining as it now does the more dread features of carnival in Rio and a lost weekend of seven days.

INEZ ROBB

A half-dozen corporations have already successfully experimented with company conventions by television.

That is, instead of a single mass saturnalia gathered under one roof and heaven knows how many tables in a single city, the convention is televised over a wide-spread hook-up.

-:-

THUS COMPANY or professional "delegates" can view the convention at their respective firesides or in relatively sober contemplation in the district boss's office. Thus will be abolished at one stroke the annual toll of broken heads and homes, hangovers and hari kari attributed to the present convention system.

It is my duty and pleasure to travel up and down, back and forth across this land with fair frequency. I once looked forward to such excursions until the year-round American convention system made the days hideous and the nights dangerous in any hotel open to the public.

The last time out I stayed in a so-called luxury hotel and orderly house in which the still air of night was assaulted regularly by a convention that carried its own fife and drum corps with it.

-:-

UNDOUBTEDLY there is a place for fife and drum corps in the universal plan, but that place is not a hotel corridor at 2 a.m.

I love music, but not sufficiently to applaud barber-shop harmonies spiked with Duggan's dew at 3 a.m.

This brings me to the central mystery of the great American convention, whether of master hog butchers of the Chicago stock Yards, the legal fraternity of the U. S. A., Amalgamated Telegraphers of America or the National Association of Doctors of Philosophy.

Why is it that all delegates to all conventions feel impelled to lap up their weight in liquor every 24 hours when at home their normal intake is probably one slight snifter per week?

-:-

WHY DO they feel impelled to go on a monumental bender that causes them to heave furniture out of hotel windows and leer at any woman under 80?

I despise conventioneers who totter into a hotel elevator with sloppy highball in hand. Inevitably when the elevator stops with a jerk (they're all jerks to the operator), this pest spills the drink on himself, if I'm lucky, and on me, if I'm not.

I have never seen a hotel management with sufficient spine to make the slightest effort to control the more ebullient convention guests. They run hog-wild through the hotel. Other guests are fortunate if they can find a storm cellar and weather the hurricane.

-:-

NOTHING will ever drive me into the arms of the WCTU or the prohibitionists. But I am a firm believer in temperance. I wish some of the big foundations, Ford, Rockefeller or whatever, would appropriate a hunk of money to study the intemperate behavior of the American convention delegate.

Why is it that this American Walter Mitty, a respectable guy in his own hometown who wouldn't even pinch a table leg, regards himself as a combination Don Juan and toss-pot once he arrives at a convention?

Of course, TV may make him and his brethren dead as the dodo, and it can't happen too soon!

Senate Gets First 1954 Money Bill

WASHINGTON (AP) — The Senate today scheduled debate on the first regular 1954 money bill to reach it this year, but Sen. Douglas (D-Ill) said he might try to force a delay.

Douglas said in an interview the Republican leadership had not complied with the rule requiring that a report on the bill be filed three days before it is taken up. Douglas said he wanted to scan the report for possible further cuts in the measure, which carries 457 million dollars for 22 government agencies.

The House was concerned with another money bill. It was called into session two hours before its usual meeting time to consider a measure carrying $3,444,145,000 to finance the Treasury and Post Office Departments for the 1954 fiscal year, which starts July 1.

Vacuum Cooled Head Lettuce Is Fresher

Vacuum cooled head lettuce is the best for your table when it is quick-cooled the modern, scientific way. Our lettuce is cut in the California fields, then rushed to large tanks (holding a car load per tank) that are vacuum cooled to an even 33°—one degree above freezing. The field heat is taken out and the freshness, flavor and moisture are sealed in. Shipped in express cars to Big Bear, the temperature of the lettuce packed in vacuum tight containers is still maintained at 33° on arrival. This patented process guarantees fresh, crispy head lettuce. It eliminates wilted and decayed lettuce received the old fashioned way—in half melted ice-packed crates. The cost to your family will be but a little more to have the best. TRY VACUUM COOLED HEAD LETTUCE FROM BIG BEAR TODAY—WE GUARANTEE ITS FRESHNESS.

New Improvements To Be Shown

Open House at Children's Home Scheduled in June

Tentative date for an open house at the Marion County Children's Home was set at a meeting of the Child Welfare Board held Tuesday night.

Scheduled for the afternoon of June 28, purpose of the open house is to exhibit improvements made at the home during the past few months by various service clubs. Hours of the open house are to be established at the next meeting of the board in June.

Also discussed during the meeting Tuesday night was the most recent improvements made in the dormitories at the home under the sponsorship of the Exchange and Kiwanis Clubs. The improvements included the redecoration and remodeling of the dormitories and the installation of new furniture.

A letter of commendation for the manner of operation of the Children's Home from the Prospect Garden Club was also read to those attending the meeting.

In a report of board activities during April, it was noted 160 children's service cases were listed as of April 30 and that there were 36 licensed active foster homes.

Of the 160 children's service cases, 33 were in parents' homes, 9 in homes of relatives, 11 in free foster homes, 49 in boarding homes, 41 in the children's home, 11 in the detention home, and 4 placed in foster homes by child welfare agencies in other counties.

Number of house visits made during the month by the three case workers was 131. A total of 30 new cases were listed in April and 16 other cases were closed.

Present for the meeting were E. E. Banning, president, Dr. Frederick W. Rea, Walter A. Mauntz, board members; Mrs. Mildred Schuetz, executive secretary; Mrs. Nancy Newell and Miss Dorene Baer, case workers; Marion County Juvenile Judge Edward J. Ruzzo, Mr. and Mrs. Gene White, superintendent and matron of the Children's Home and the detention home; and two representatives of the Junior Service Guild.

Cleveland Resident, Bucyrian Married

Special to The Star

BUCYRUS—Miss Patricia Olsen, daughter of Mr. and Mrs. John Olsen of Lakewood, became the bride of Willard Landes, son of Mr. and Mrs. O. L. Landes of Bucyrus, in a ceremony solemnized Saturday night in Trinity Lutheran Church at Lakewood by the Rev. Arthur Bauer.

Miss Dorothy Wilcox was maid of honor and the bride's sisters, Mrs. Marian George and Miss Beverly Olsen, were bridesmaids. Kenneth Landes was best man for his brother and ushers were Arlin Neiswander and A. Stevenson. Following the ceremony, a reception for 175 guests was held in the church parlors.

Mrs. Landes is a graduate of Parkview High School in Bay Village and attended Western Reserve University, Cleveland. She received her nurse's training at St. Luke's Hospital, Cleveland. Landes, a Bucyrus High School graduate, attended Western Reserve one year and is a graduate of a gemology school. He served two years in the Coast Guard and is employed at the Shunk Manufacturing Co. in Bucyrus. They will live here.

DENY ASSAULT CHARGE

VAN WERT, O. (AP)—Lonnie Brumback, 68, of Middlepoint, and his son Jack, 26, Wednesday pleaded innocent to charges of attacking Van Wert tavern owner Robert Fickel in the Brumback home last Saturday. Fickel is recovering from three bullet wounds and stabbing injuries in Van Wert Hospital.

PROF. W. H. MILEY

Martel Seniors To Hear Ashland College Professor

Baccalaureate services and commencement exercises will be held Sunday and Monday at Martel High School.

The Rev. J. J. Adams, former pastor of the Martel Methodist Church and now retired and residing in Galion, will officiate at the baccalaureate services Sunday at 8 p.m. at the church. Shirley Pangborn will play the processional and Carol Reish will sing a vocal solo.

Professor W. H. Miley of Ashland College at Ashland will deliver the commencement address to eight seniors in the school auditorium Monday at 8 p.m. Subject of his talk is "When You Tell One, Make It Big."

Members of the graduating class are Beverly Smith, Clyde Worcester, Carol Reish, James Worcester, Barbara Wilson, William Vollrath, Penny Hayes and Gale Loyer. Miss Wilson is valedictorian and Vollrath is salutatorian.

The class will be presented by Clayton M. Barden, school superintendent, and Dale Goken, president of the board of education, will present the diplomas.

The school band under the direction of Oliver Godla will play the processional and recessional. The girls Glee Club will sing "The Lord's Prayer" and "Beautiful Savior" and June Ann Hissong will play a piano solo.

The Rev. Raymond Butler, pastor of Clyde Sixteen Church north of Martel, will give the invocation and benediction.

U.S. Buys Jet Fuel Out From Under Reds

SINGAPORE (AP)—The U. S. naval tanker Cahaba completed loading 10,000 tons of jet fuel from the Finnish tanker Wiima today and sailed for an unannounced destination. The strategic cargo originally had been consigned to Communist China.

The U. S. negotiated for some three months with the ship's owners to prevent delivery of the jet fuel from Red Romania to the Peiping government.

Mrs. Filbert's Margarine!

The fussiest man in America can't tell Mrs. Filbert's Margarine from the most expensive table spread!

Read this: "I couldn't fool my husband with margarine, Mrs. Filbert, until I gave him *yours!*", writes Mrs. W. C. Richtmyre, Livingston, N. J. "Now he says that when I paid twice as much—I *never* beat your country-fresh flavor!"

If *your* husband's fussy—give him Mrs. Filbert's Margarine. Wives write Mrs. Filbert that it pleases *everyone*. It's Mrs. Filbert's own recipe . . . and only a woman could make it taste so good. Mrs. Filbert puts 15,000 units of Vitamin A in every pound, too. Buy Mrs. Filbert's Golden Margarine today!

Duncan Hines' Favorite
Strawberry Shortcake!

Ready for the Oven in *Half* the Time . . . with Duncan Hines White Cake Mix.

"You can make this luscious beauty even if you've never baked a cake before," says Duncan Hines, America's leading authority on good eating. "You'll find directions in the package for three popular ways of making strawberry shortcake—and for making other tempting fruit shortcakes, too.

"Duncan Hines cakes are the kind of cakes that make you want to do 'special things' with them . . . so tall, so light, so 'homemade' in every way that you're proud to serve them to anyone on any occasion.

"In all my travels, every prize cake I've ever tasted has been made with fresh eggs. That's why you will find no dried eggs in my cake mixes. I consider it vitally important for you to add your own fresh eggs if you are to get real home-baked quality."

Tide
WASHDAY MIRACLE FOR THE CLEANEST CLOTHES POSSIBLE
Guaranteed by Good Housekeeping

Never before Tide was it possible to get your family wash so clean!

No washday soap—no other detergent known—

NOTHING ELSE WILL WASH AS CLEAN AS Tide

—yet is so mild!

NEVER BEFORE SUCH CLEANING POWER!

When science brought you Tide, it gave you the greatest cleaning power the world had ever known . . . a cleaning power that got clothes CLEANER than any other washing product you had ever used. Till Tide came along, *you never had it so clean!*

SO MILD! SO SAFE!

And now Tide combines its terrific cleaning power with wonderful *mildness.* Tide is so kind to hands . . . more so than any other detergent known. And Tide is so *safe* for all your bright wash colors. Colors *love* Tide's gentle suds!

DAZZLING WHITE CLOTHES! NO BLEACHING! NO BLUING!

Except for stubborn stains, no need to bleach! No need to blue! All by itself, Tide gets shirts, towels, sheets so dazzling WHITE, you'll be amazed! Try Tide—see for yourself!

No wonder more women use *TIDE* in their automatic washers—in fact, in all kinds of washing machines—than any other product!

Jr. Red Cross Council Names New Officers

Pat Holliday Of Harding Elected President of Group

Officers were elected to serve during the 1953-54 year when the final meeting of the school year of the Junior Red Cross City-County Council was held recently at the YMCA.

Pat Holliday of Harding High School was elected president; Martha Harruff of New Bloomington, vice president; Mary Jo Swambaugh of Harding, secretary; Jean Lyon of Grand Prairie, assistant secretary; Sharon Eblin of North Main Street School, reporter.

Twenty-nine persons were present representing 16 schools, and school teacher-sponsors were invited guests.

Junior Red Cross pins were awarded by Mrs. Richard Garfield, Junior Red Cross chairman, to the following persons for perfect attendance since Jan. 1: Mary Jo Swambaugh, Harding; Judy Langdon, George Washington; Nancy Carey and Larry Azaroff, Glenwood; Sharon Eblin and Melba Haas, North Main Street; Marie Sprang, Oak Street; Janis Massie, Oakland; Sue Herganrather and Charlotte Huddle, Olney Avenue; Candy Cox, Pearl Street; Sharon Giles, St. Mary; Jean Lyon and Mary Kay Hyman, Grand Prairie; Martha Harruff and Barbara Pretytman, New Bloomington; Eleanor Williams, Prospect.

Annual reports were given and completed projects received. In gift boxes contributed for an overseas project, George Washington School rated first, preparing 56 boxes for shipment. Glenwood School was first in securing blood donors for the Blood Center in November, 1952.

Junior Red Cross members were urged to assist in securing donors for a visit of the Bloodmobile to Marion May 20. A project for providing without charge baby sitters for nurses with small children, who otherwise could not be of service at the Blood Center, was presented by Miss Lillian Plack, Red Cross secretary, and discussed by the group.

Since May 8 marked the 125th anniversary of the birth of Henri Dunant, Red Cross organizer, Mrs. Gladys Arter reviewed briefly his life, telling of his almost single-handed struggle for the principle of the alleviation of suffering among wounded combatants. It was his personal experience with the neglected wounded at the Battle of Solferino in Italy in 1859 that caused him to turn all the energies of his mind and heart to the creation of a voluntary neutral society. This selfless zeal for others led him to bankruptcy and years of seclusion and poverty. Mr. Dunanatic buried in Zurich, Switzerland, his grave marked by a simple stone tablet, but his real memorial is the world-wide Red Cross movement.

The program was concluded with a magic act by Roger Bond, a student at Harding High School.

Refreshments were served by Mrs. Garfield and Mrs. Richard Curren, Junior Red Cross chairman.

Fresh, New Flavor in Caraway Cheese Omelet

There's a delicious taste change for Sunday breakfast, snacks and parties in this new omelet. Its fresh, tangy flavor comes from the addition of caraway seed and it's certain to bring added pep and zest to menus.

CARAWAY CHEESE OMELET

Ingredients: 4 eggs, separated, ½ teaspoon salt, dash of ground black pepper, ¼ cup milk, 1 tablespoon butter, ½ cup shredded cheddar cheese, 2 slices bacon, cooked, ½ teaspoon caraway seed, parsley (optional).

Method: Beat egg yolks until light and thick. Add salt and pepper and milk. Fold into stiffly beaten egg whites. Turn into buttered hot 9-inch frying or omelet pan. Cook over low heat until omelet puffs up and is golden brown on the bottom (about 3 to 5 minutes.)

Peek underneath by lifting edge of omelet with a spatula. Sprinkle cheese, crumbled bacon and caraway seed on omelet and quickly place in moderate oven (350 F.) for 10 to 15 minutes longer or until top springs back when pressed with finger.

Make 1-inch cuts at opposite sides and crease with back of knife. Fold on crease by slipping spatula or pancake turner under half the omelet. Slide onto platter and garnish with parsley. Serve immediately. Serves 4 to 5.

West-Goorley Wedding Performed at Galion

Special to The Star

GALION—Chantilly lace, net and tulle were combined to fashion the wedding gown of Miss Phyllis Joanne West when she became the bride of Richard Noel Goorley in a wedding ceremony at the Market Street Methodist Church here. The double ring service was read by the Rev. Raymond Butler at 2 p.m., Sunday, May 10.

Miss Marcella Schalip, student at Capital University in Columbus, pianist, and Miss Vera Seleste, soprano, presented a program of nuptial music prior to the vows. The guests were seated by Howard Dudley and Howard Decker of Galion.

The bride had four attendants, her sister, Mary Jane West, maid

ion. She was graduated from Galion High School in 1950, and is employed at the H & K Drug store here. Mr. Goorley was graduated from Galion High School in 1948, and is associated with Smith Brothers Paint Store.

Partners in Business, Partners in Trouble

SANTA MONICA, Calif. (AP)—Two business partners are partners in matrimonial troubles today.

Suits for separate maintenance were filed yesterday against Maurice H. Friedman, 36, and Morris Samuels, 42. The wives both said they separated from their husbands May 10. The men were both ordered to appear May 22 for a hearing on community property and temporary alimony.

Mrs. Friedman charged her husband gambled excessively., She estimated her financial requirements at $2,160 monthly. Mrs. Samuels said her husband made life intolerable. She said she needs $2,035 each month. The same attorney represented both women.

FOILING AROUND

SCRANTON, Pa. (UP)—An amateur actor, John Setta, 27, threw himself so wholeheartedly into his role as the swashbuckling hero of the operetta, "The Vagabond King," during a fencing scene rehearsal that he stabbed himself in the left leg—missing the villain entirely.

Wants Money Back

PHILADELPHIA (AP) — James Glenn wants his money back.

When the 33-year-old Philadelphian was arrested yesterday on charges of maintaining an illegal lottery he quickly showed police his gambler's federal tax stamp.

The patient police explained that the stamp was a tax and not a license to gamble.

But Glenn wasn't convinced. Now he threatens to go to the Internal Revenue Bureau and get his $50 back.

Legion Nominates New Officers

Nomination of officers was held, with R. E. Copeland, chairmon of the nominating committee, in charge, when Bird-McGinnis Post No. 162, American Legion, met Tuesday night in the Dugout. Election will be held at the next meeting.

Dr. Gerald Strauss. first vice commander, reported 688 members to date in the post. Copeland announced plans for the Armed Forces Day parade tonight and for the Memorial Day parade on May 30 at 10 a.m., with Col. John Phelan as marshal.

Appointed to serve on the budget committee were Copeland, chairman, J. H. McKenney, John Dean, Don Bowen and Merwin Crandall. An announcement was made banquet tables had been purchased for use in the Dugout.

Plans were made for initiation of new members to be held Sunday, May 17, at 2 p.m. in the Dugout, and to send a degree team to Caledonia Post No. 401 to initiate new members on Saturday night at 8 p.m. A meeting of the County Council was announced for Wednesday, April 27, at 8 p.m. at Prodpect. Members of the post will attend a church service on Memorial Sunday, May 31, at 10:30 a.m. at the First Evangelical and Reformed Church.

Change of Scenery Working Wonders for Milwaukee

Last Year's 7th-Placers Only Half Game Behind

By **BEN PHLEGAR**
AP Sportswriter

It's about time the travel agents of the nation paid a special tribute to the Milwaukee braves. Where could they find a better example of the benefits to be obtained by a change of scenery

The 1,000-mile westward shift from Boston to Milwaukee has worked wonders for the once-downtrodden ball club that finished a dismal seventh in the National League last year.

A quick glance at today's standings shows the Braves only half a game out of first place. They have seven more games on their present home stand at their new five million dollar stadium, where they have won seven out of eight.

The fans are clamoring at the gates. In seven home dates the club has drawn 172,781 cash customers. Last year's total attendance in Boston was 281,778.

Yesterday, with the thermometer shivering at 39 degrees, 9,043 fans turned out to watch their Braves smother the New York Giants, 11-1.

Manager Charlie Grimm has been fortunate to come up with a trio of red-hot newcomers in pitchers Bob Buhl and Don Liddle and outfielder Bill Bruton. But his old Boston lineup has become revitalied as well.

The Braves had only one pitcher—Ernie Johnson—who finished last year with an average as high as .500. Yet nine of their 13 victories this season have been registered by last year's mound staff.

Lou Burdette, yesterday's winner, has shown remarkable improvement. Working as a long-distance relief man, Burdette has pitched 17 1-3 innings in three games, has a 2-0 record and a 2.12 earned run average.

He came in at the start of the third inning against the Giants after starter Johnny Antonelli had injured a finger on his pitching hand and stopped New York on four hits. In his previous appearance he relieved Antonelli with two out in the first inning at Brooklyn and went the rest of the way to beat the Dodgers handily, something the Braves did only three times last year.

ahead to stay. Mike Garcia was the loser against Eddie Lopat.

Marv Grissom handcuffed the White Sox on four hits for Boston. Despite the loss Chicago moved over Cleveland into second place.

An eighth-inning home run by Eddie Joost provided the victory margin for the Athletics over the Browns.

Girls Game Scheduled If No Rain Falls

The exhibition game between the Ft. Wayne Daisies and Kalamazoo Lassies, members of the American Girls Professional Baseball League, is scheduled tonight at Lincoln Park.

The contest is sponsored by the Baseball .for Boys Commission and is scheduled to get under way at 8 p.m. All profits from the tilt will go toward Baseball for Boys, which includes Little League and Pony League baseball.

A spokesman for the commission said this morning that if it didn't rain today, the diamond would be playable tonight. He said that the only water was around home plate.

Tickets will be sold at the gate tonight beginning at 7 p.m. Prices are $1 for adults and 50 cents for children. Should the game be postponed tonight, it would not be replayed here as the teams have their exhibition schedule to complete in other cities. The teams are playing a 13-game exhibition schedule in Ohio, Indiana, Kentuckey and Michigan.

SHORT SPORTS

By John Short

Coach Woody Hayes of Ohio State shouldered the entire blame for Ohio State's 8-0 loss to Iowa last fall when he addressed nearly 600 Ohio high school grid mentors last week as part of the OSU annual football clinic.

SHORT

Hayes said the loss was due to what he called poor seasonal planning. He went on to promise the same mistake wouldn't happen twice.

"I made a mistake," Hayes told the visiting coaches. "I knew we had to be up for our first three games, but I figured we could take Iowa, which hadn't won a game, without much trouble and then start on the upgrade toward the Illinois and Michigan games. But that mid-season lull wrecked us.

"It was all my fault," he added. "It proved to me that you can't let up for a minute in this league."

Woody showed a side of his character we had never seen before. He threw his citizenship and "good kids" themes to the winds when he handed out free advice to the prep school mentors..

"Win or get the hell out of the business," was his first word of advice. He listed three prime requisites needed by a coach as a willingness to make personal sacrifices to gain victory, an interest in the all-around development of the available players and the ability to absorb pressure.

"You must have the character to fight for what you think is right," he concluded. He added that if the fight cost the coach's job, then the job wasn't worth having.

The visiting coaches were guests of the university for the three-day clinic which was concluded Saturday with the annual Red White intra squad game

AIRBORNE BOONE. Cleveland Shortstop Ray Boone flies high to get off a double play throw to first after retiring Yankee Second Baseman Billy Martin in first inning at Yankee Stadium in New York. Play started with Yankee Rightfielder Irv Noren's grounder to Second Baseman Bobby Avila. Avila tossed to Boone to retire Martin and Boone's relay to first caught Noren to complete the double play. Yankees won, 9-4.

Indians Do It Again— Blow Lead to New York

BOSTON (AP)—It's early in the baseball spring, but pennant hopes of Cleveland fans are beginning to wilt like grass cuttings in an August sun.

Losers of three straight, the Indians were in third today, three games back of New York, who came from behind with four runs in the seventh Wednesday to chase Mike Garcia.

The Yanks won 9-4 and now hold decisive victories over each of the Tribe's big three — Garcia, Early Wynn and Bob Lemon.

Today Cleveland sends Bob Feller to the mound in the opener of a three-game series with the Boston Red Sox who beat the Tribe 8-1 and 5-1 in Cleveland two weeks ago. Hector (Skinny) Brown, who

run and send Ray Boone, who also singled, to third. Wally Westlake grounded to third, and Doby slid high and hard to upset Martin at second and make the double-play throw to first late. Boone scored, and Doby had started for the dugout when Martin said something that made Doby go after him.

The Yanks' first three runs came on rookie Don Bollweg's first major league homer after a walk and Mickey Mantle's single. Mantle was aboard again with a single when Hank Bauer homered in the eighth for New York's last two runs.

Bollweg started the decisive seventh-inning rally with a single and went around on singles by Bauer

Country Club Sets Season's Golfing Plans

Weekly Tournaments Eyed as Part Of Expanded Program

Program of the Marion Country Club this golfing season was announced at a meeting of the Men's Golf Committee recently.

The committee announced that this year, with the increased membership, it is trying to create a little more interest in the tournament schedule and said it would like to have a greater percentage of participation than in the past.

Weekly tournaments will be played on a pay-as-you-go basis, the committee said, and a fee of $1 will be charged to enter each tournament. The tournaments will be held each Wednesday, Saturday and Sunday mornings if members wish. Tournaments will begin Saturday, May 23, and all will be played on a handicap basis in three classes, A, B and C. Amount of the prizes, in merchandise, will depend on the number of participants in each class, the committee said.

It was announced the President's Cup, handicap tournament, would begin Saturday, June 6. The committee said it would be played in three classes due to the length of time it would take to play it and the winners of each class will play 18 holes of medal play for the President's Cup. Each round must be played within one week or a forfeiture made, the committee stated.

Qualifying rounds, 18 holes, for the Club championship will start Saturday, July 18, and must be completed no later than Wednesday, July 29. Each person desiring to qualify must let it be known to Jack Stoddard before the start of the round, it was announced. The 16 low scores in each flight will be eligible for match play, starting Aug. 1. The finals will be played Sunday, Aug. 30, making it imperative that each match be played within one week, the committee said.

Out-of-town matches were announced. Matches are at Tiffin June 30 at Bellefontaine Aug. 5; Tiffin here Aug. 12; and Bellefon-

was its desire this year to stimulate the interest of the younger set and that it hoped to arrange some golfing activities for those under 20.

Announcement was made of the new out-of-bound markers, white with black "O.B." painted on them, being placed. The field along the side of No. 1 will be out of bounds and so marked, it was announced, and new markers have been placed along No. 5, No. 6 and No. 7 fairways.

Both Fighters Relax

Walcott, Marciano Rest As Promoters Eye Gate

By **CHARLES CHAMBERLAIN**

CHICAGO (AP)—Aside from brief road work, Jersey Joe Walcott planned to spend much of today reading his Bible while Rocky Marciano catnapped peacefully in a South Side retreat.

This was the placid sort of atmosphere that engulfed the two fighters the day before their heavyweight championship bout in Chicago Stadium.

In contrast were officials of the sponsoring International Boxing Club. They were sweating out a hoped-for ticket sale of $500,000 and needed to dispose of about $125,000 before fight time tomorrow night to make it.

A spokesman said he was confident the indoor record gate of $422,918 for the 1947 Rocky Graziano-Tony Zale clash in Chicago Stadium would be topped. But 5,000 seats at the $50 top and 1,900 at $30 still lacked buyers. Only half of an expected $100,000 out-of-town sale has been realized.

The second meeting of Walcott, boxing's most famous antique, and Champion Marciano, will be televised over NBC to home viewers nationally with the Chicago and Milwaukee areas blacked out. It will be broadcast to all points on the ABC network. Fight time is 9 p. m., Eastern Standard Time.

Marciano will receive a straight 30 per cent of the gate, the $300,000 for TV and radio rights and royalties accruing from third-dimensional films. Walcott has settled for a $250,000 guarantee with an additional 30 per cent of the movie receipts. Unless there is a complete sellout he will get more than the champion.

"The third-dimensional royalties could amount to nothing or as much as two million dollars," said an IBC spokesman. "It depends on what kind of a fight it is.'

Homers Feature Association Action

By **The Associated Press**

Home runs featured the only two games in the American Association Wednesday night as Charleston hammered St. Paul 13-4 and Minneapolis shaded Columbus 4-2.

Cold and rain forced postponement of Indianapolis at Kansas City and Toledo at Louisville.

Charleston dropped the Saints to three games behind the league-leading Blues with a seven-run fourth inning. The Senators collected nine of their 16 hits in the big inning. Earl York paced the winners' bat work with a homer and two doubles.

Tony West held Columbus to six blows, one of them Russ Derry's home run in the last inning.

Milwaukee moved into second place over Brooklyn, which was frozen out of its scheduled game at Chicago. Rain and wet grounds also caused the postponement of the other two National League contests—Pittsburgh at Cincinnati and Philadelphia at St. Louis.

In the American League the New York Yankees won their third straight over Cleveland, 9-4, dropping the Indians into third place. Boston whipped Chicago, 3-0, and Philadelphia broke its seven-game losing streak at the expense of the St. Louis Browns, 2-1. A night game at Washington between the Senators and the Detroit Tigers was rained out.

Shut out on one hit the previous night, Cleveland came up with four runs in the first four innings against the Yankees yesterday. Then its pitching folded and by the end of seven the Yanks were

Harding Thinclads Win Unscheduled Meet

Notch 35th Straight Over Lima South

Coach Ken Somerlot and his Harding High School track squad definitely wound up the track season Wednesday with a convincing 97-21 win over Lima South.

The meet was run off at the Harding Stadium along with the MAR-DEL junior high league meet. The Prexies wound up their third straight unbeaten year in dual meet wins. It was the 35th straight win in dual competition for the locals.

The Lima South team contacted Somerlot Tuesday concerning the meet which they supposedly had on their schedule. Ken agreed to run against the school despite the fact the Harding contract with South had expired last year and no meet had been scheduled between the schools this season.

Wednesday's meet was run off on a wet track with the dashes run into the wind so that no outstanding times were turned in. A large part of the Harding team was not on hand for the unexpected meet. Somerlot had dismissed most of the team and sent only those boys scheduled to take part in the district meet Saturday to meet the Lima squad.

The Prexies swept 13 firsts with the visitors gaining their only first in the shotput. The locals swept all three places in the pole vault, discus and 880-yard run.

Gary Ballinger was the high scorer for the winners with 14½ points. Fred Price was a double winner, capturing first in the mile and the 880 run, while Frank Green notched firsts in the broad jump and high jump as well as taking part in the winning mile relay team.

Other first place winners for the Prexies were Jack Boxwell in the discus, Jack Andrews in the 440, Doug Bibler in the 180-yard low hurdles, Jim Saiter in the high hurdles and Jack Craft and Ron-

Edison Takes Junior High League Crown

Edison Junior High School copped the MAR - DEL League track title Wednesday at the league meet run at Harding Stadium. The event was run off along with the Harding - Lima South meet.

George Whitehead's thinclads raced to a 63½ point total. Runner-up, State Street, netted 44 2-3 points while Vernon came home with 26 and Delaware finished at the bottom with only four.

Edison's Ted Firstenberger was the meet's high scorer with 14 points. Harold Jones of Edison scored 13¼ points. Big gun for the State Street crew was Crabtree with eight while Smith scored eight for Vernon.

Ribbons were awarded to the first four finishers in each event with Edison winning the championship trophy.

MAR-DEL League coaches said the weather, a damp track and wind kept the times down. No records were broken although one new event was run off. The 120-yard hurdles race, over a 10-hurdle course, was won by Firstenberger in 16.5.

The win in the league meet gave the Edison crew a clean record for the season. It went through its dual meet campaign unbeaten and climaxed the season with the loop championship.

18 Return To Minors After Roster Cuts

Cleveland Gets Catcher Hank Foiles As Clubs Meet Limit

NEW YORK (AP)—Eighteen players who started the campaign with major league teams were back in the minors today, victims of the 25-player limit in the big time and two others wore different uniforms.

From now until Sept. 1, each major league club is permitted only 25 players, plus up to five who are back for their first season after serving in the armed forces.

Both of last year's pennant winners — the New York Yankees and the Brooklyn Dodgers — had to shave their rosters. The world champion Yanks optioned outfielder Bob Cerv to Kansas City of the American Association and infielders Jim Brideweser and Frank Verdi to Syracuse of the International League.

The Brooks sent Dixie Howell, their bullpen catcher, to St. Paul of the American Association and optioned outfielder Dick Williams to Montreal of the International League. They also restored to active service first baseman Wayne Belardi, who had been out since the start of the season because of an elbow operation.

There were only two deals involving major league teams. In one, the Pittsburgh Pirates sold catcher Eddie Fitzgerald to the Washington Senators for an undisclosed amount of cash and a couple of pitchers for minor league teams.

The other involved catcher Hank Foiles, whom the Cincinnati Redlegs sold to Cleveland in a straight cash deal. The amount wasn't announced.

Besides bartering Fitzgerald, the Pirates sold Forest Main to Toronto of the International League and Bob Hall to Seattle of the Pacific Coast League.

Washington was the last to get under the limit when it asked for waivers on catcher Les Peden and sold pitcher Lou Sleater to Toronto for a reported $20,000.

The only other team in the National League that was over the limit was the St. Louis Cardinals. They solved the problem by re-

Redlegs Take Beating In Gate Receipts

Loss From Games Postponed by Weather Set at $100,000

CINCINNATI (AP)—When there is a heavy rain after a long draught, you often hear farmers call it a "million dollar rain" for the good it does their crops.

The Cincinnati Redlegs' front office now is talking about those "$100,000 rains." — for the harm they've done to the gate receipts.

That $100,000 is what they figure 15 postponements in the first month of the 1953 National League season has cost them. The customers who would have paid to see all of those games will be on a two games for the price of one basis when the makeup doubleheaders start.

The rains hit the Redlegs in the pocketbook again Wednesday as their game with the Pittsburgh Pirates was washed out.

New York is due to provide the opposition tonight and Manager Rogers Hornsby had picked Howie Judson to hurl against Larry Jansen.

Champ's TV Gift Forces Priest Into Hospital

BROCKTON, Mass. (AP)—Heavyweight boxing champion Rocky Marciano gave a $1,600, 30-inch television set to his church Wednesday — and the gift helped land the pastor in a hospital.

The Rev. Leroy V. Cooney, 62, pastor of St. Colman's Catholic Church, was helping set up the TV on the parish hall stage so some 700 children could see Marciano defend his title against Jersey Joe Walcott Friday night.

Fr. Cooney fell three feet off the stage and suffered a broken leg.

Phillies Set Major League Batting Pace

Team Hitting .280; Senators at .266 Top American Loop

NEW YORK (AP)—No wonder the Philadelphia Phillies are setting the pace in the National League. They're the best hitting team in baseball.

The Phillies, a half game in front of the runner-up Milwaukee Braves and Brooklyn Dodgers, are hitting a collective .280. That's three points better than the Dodgers. The Braves are tied for fourth with St. Louis at .255, Associated Press statistics revealed today.

In the American League, the Washington Senators, who have won their last five in a row, have the highest team batting average .266.

The New York Giants are third in the National League with a .265 mark. Cincinnati is sixth at .246 followed by Pittsburgh, .244 and Chicago, .238.

The Detroit Tigers, Cleveland Indians and Boston Red Sox are in a triple tie behind Washington in the junior circuit, each with .265. Next come the New York Yankees, .263; Chicago White Sox, .254; St. Louis Browns, .244 and the Philadelphia Athletics, .232.

Marion Team To Roll In ABC Tourney

A Marion bowling team is preparing to roll in the ABC at Chicago, Ill., this week end and other Marion teams have already bowled for prize money at both the ABC and Elks National, also at Chicago.

The City Furniture Mart team bowls in the ABC Friday and Saturday. It finished third in the Sportsmen's League in Marion.

Richman Clothes of the Classic League hit 2901 in the Elks National. Two members of the team, Harry Hammond and Willard Ginder, rolled 1242 and Walter Axthelm hit 642 and Sam Sharrock 605. Other member of the team is John Parshall.

Richard Eicher and Robert Graham, members of Lords Jewelry team, cracked 1108 in the ABC. Eicher had a 591, Hap Applegett a 559, Graham a 558 and Elmer Schultz a 548. Russell Reichardt is the team's other member.

The Lima Keystone Packing Co. team of the Craftsman League hit 2848 in the Elks. William Barber and Lloyd Johnson combined for a 1224. Other members of the team are Wes Wilcox, Merv Sansone, and William Tefft.

Herb Petrich, bowling for Buettin Sales of the Classic League which won the team title in the men's city tournament, hit 639 in the ABC and cracked 637 in the Elks. At the ABC, Ralph Chamberlain hit 615 and Petrich and Sherman Haldeman hit 1108. Petrich and Haleman hit 1168 in the Elks and Don Penry and Wes Wilcox cracked 1182. Other members of the team were Jerry Stephenson and William Tefft.

Center Bar and Grill and Drumm Nash also took part in the tourneys, Center Bar and Grill bowling in the ABC and Drumm Nash Motor Sales in the Elks.

The Elks tourney, played under handicap, concluded last week after opening Feb. 28. It offered $31,156 in prize money, and included 1,142 teams. Prize money totaling $573,860 is offered in the ABC which opened Feb. 21 and continues until May 24. A total of 8,180 teams are taking part in the open bowling tournament.

Will Oppose Excess Profits Tax Extension

House Committee Members Voice Views on Proposal

WASHINGTON (AP) — Republicans on the House Ways and Means Committee said today they are ready to oppose solidly any Eisenhower administration proposal to extend the excess profits tax on business.

And Committee Chairman Daniel A. Reed (R-NY) indicated his group will be "too busy" with other things even to hold hearings within the next few months on a upcoming administration tax program.

Secretary of the Treasury Humphrey has promised the administration would be ready next week to give Congress its recommendations on tax reductions or increases, along with detailed estimates of prospects for balancing the budget.

The administration reportedly has been considering asking for an extension of the excess profits tax to help ease an expected budget deficit in the year beginning July 1.

GOP members of the ways and means committee reviewed this situation privately at a recent meeting, several of them reported today, and reaffirmed a decision to line up unanimously against any extension of the levy.

The committee of 15 Republicans and 10 Democrats originates all tax bills in Congress. The excess profits tax, now bringing in an estimated 2½ billion dollars a year, expires automatically June 30 unless extended by Congress.

The GOP committee members said similar strong opposition awaits any proposal to raise regular corporation income taxes as a substitute for the excess profits tax—another idea reported under study at the Treasury.

However, Sen. George (D-Ga), a veteran member of the Senate Finance Committee, said today he thinks the Treasury has decided against asking for a corporation tax hike.

Other congressmen who have talked over tax prospects with Treasury officials recently said the administration appeared to be taking soundings on several possibilities. So far as they know, these lawmakers added, no firm decisions have been made.

"Cinderella" Star of Ice Show

STAR OF WALT DISNEY'S "CINDERELLA," featured number of the 1953 Ice Cycles which arrives here May 20 for a five-day engagement, is Margaret Field, shown above. She poses here with the famous Disney characters of the movie, Jaq and Gus-Gus. Disney used Margaret Field as model for the movie version of the fairy tale.

—:—

You might say Margaret Field, star of the 1953 Ice Cycles' big production, "Cinderella," is really Cinderella herself.

Walt Disney himself picked the cast and he personally selected Margaret Field to play the title role four years ago when he saw her in Snow White, another Ice Cycles production.

At that time Disney declared her to be the perfect Cinderella and used pictures of the blonde-haired beauty for his cartoon drawing of the screen Cinderella.

The half-hour show, which also stars Jimmy Lawrence as the prince, is the third Walt Disney, story used by the Ice Cycles. It started with Snow White and then Toy Shop was produced.

Included in the cast of "Cinderella" are Jaq and Gus-Gus, the mice; Lucifer the cat; twelve other skating mice; the King's officers and the ladies of the court.

The story on ice also includes the coach and the four white horses which change into a pumpkin drawn by mice. The horses are mechanical white ones that actually run.

Fifty voices will furnish the vocal numbers for "Cinderella."

"Cinderella" one of nine production numbers in the almost three-hour show which includes a cast of nearly 80 skaters.

The Cycles opens at the Coliseum Wednesday at 8:30 p.m. and night performances will be held through Sunday. There will be a 2:30 p.m. matinee on the final day, Sunday.

Under constitutional provisions, it needed 82 votes — three-fifths of the elected membership — for House approval. It got only 72 favorable votes. There were 56 negative votes.

Rep. Louis Schneider (R-Hamilton) immediately moved for House reconsideration of the vote by which it defeated the bond proposal. He also moved to leave the motion pending. That means the question of reviving the measure

..On a bid of $145,448, the contract for drag-treating of approximately 59 miles of Marion County roads was awarded this morning by the Marion County Commissioners to the sole bidder for the project, the U. S. Construction Company of Upper Sandusky.

Under terms of the bid, the project is to be started on or before June 1 and is to be completed by Oct. 1, the commissioners' office reported.

An estimate of $150,268 had been submitted by Marion County Engineer Reed Ours for the annual road repair program. Actual cost of the road-treating program last year was $133,584.

Religious Education Meeting Scheduled

An open meeting in the interest of Marion's program of Weekly Religious Education in the public schools will be held Friday at 7:30 p.m. in Salem Evangelical and Reformed Church. This will be a general meeting of all committees marking the tenth year of the program here.

Attending will be persons who were instrumental in getting the work started in Marion, now engaged in activities elsewhere. Plans for hiring another teacher to bring the religious education staff to three members will be discussed. Announcements will be made concerning the pageant to be presented by the religious education pupils Sunday, May 24, at Epworth Methodist Church.

Charge Weather Interfered With

New Mexico Crop Loss Blamed on Atomic Tests

ALBUQUERQUE, N. M. (AP) — Prospectors say Western New Mexico is being bombarded with so much radiation from atomic tests that at times it's impossible to test for uranium ore.

Fruit growers in Northwestern New Mexico are blaming frosts on atomic tests in Nevada.

Residents in one area think a wave of lightheadedness and nausea may have been caused by radioactivity.

Atomic Energy Commission officials discount all the complaints.

Prospectors in the Gallup, N.M., area, where uranium hunting has reached the proportions of an industry, have been unable to hunt the precious ore at times following tests.

The radioactivity count jumped so high that prospector's Geiger counters couldn't distinguish radioactivity in the air from radioactivity in uranium ore, the prospectors say.

A spokesman for fruit growers in San Juan County in Northwestern New Mexico made up a list for newsmen showing that three atomic tests were made between 48 and 60 hours before heavy frost damaged fruit.

The first explosion listed, April 6. occurred two days before temperatures fell to 24 degrees and ruined apricots and peaches. After an explosion May 1, half the apple crop in the area was frozen. The rest of the peach crop went two days after the May 8 explosion.

U. S. Weather Bureau officials in Albuquerque, queried on the fruit growers' theory, said:

"Purely a coincidence. We've been having unusual weather throughout the spring."

A wave of nausea and lightheadedness among residents of Gallup had doctors puzzled. They disagreed on the question of whether it might have resulted from the radioactivity which at times has ranged up to five times normal.

The AEC flatly stated there have been no dangerous concentrations of radioactive fallout in any part of the country outside the controlled area at the Nevada test site. But it added that higher than normal levels of radioactivity have been measured in isolated instances and for short periods of time.

GUTHRIE TO SPEAK

Walter Guthrie clerk of the Board of County Commissioners, will address the Kiwanis Club of Marysville at their regular meeting Monday. His topic will be "Early Recollections of Marysville." He is a native of Marysville.

Grandmothers Club Meets With Mrs. Riddle

Nineteen members and four guests attended a monthly meeting of Grandmothers Club No. 63 at the home of Mrs. Clara Riddle of 509 Pearl St. Tuesday evening.

Devotions were given by the hostess using Psalm 121. The program consisted of a reading by Mrs. Lula Spain and four accordion selections by Miss Gretchen Wessell of Cardington.

Two contests were held with Mrs. Bertie Powell winning both prizes.

Refreshments were served by the officers, Mrs. Maude Martin, president, Mrs. Riddle, vice president, Mrs. Mary Jenner, treasurer, and Mrs. Jane Crissinger, secretary.

The table was decorated with a center piece of spring flowers and white tapers. Mrs. Spain, past president of the club, presided over the table.

The group will meet again June 9 at the home of Mrs. Maude Kline of 376 Mary St.

Bucyrian Plans Summer Wedding

Special to The Star

BUCYRUS — Announcement is being made of the engagement of Miss Mary Ruth Pennington of Benton, Pa., to Clarence Eugene Long, son of Mrs. Anna M. Lambert of Bucyrus. Miss Pennington is the daughter of Mr. and Mrs. A. Ross Pennington of Benton.

The bride-elect is a 1951 graduate of Benton High School and attended Lycoming College in Williamsport, Pa., and Thompason Business College in Harrisburg, Pa. She is employed in the traffic department of the Bell Telephone Co. in Harrisburg.

Long attended Holmes-Liberty High School and recently was discharged from the Army after serving 18 months in Korea. He now is employed at the Bucyrus plant of the Timken Roller Bearing Co.

The wedding will be an event of early summer.

can be brought up at any time.

Before the bond-issue proposal was beaten, the House trimmed it on a 63-40 standing vote from 750 million dollars to 500 millions. If the measure is revived, it will be on the 500 millions basis.

The other bills in the GOP highway program had fairly easy sailing.

Bills geared to both the present general code and the revised code —effective Oct. 1—were passed to make permanent the temporary increase in truck license fees approved two years ago.

These bills also make permanent the state law requiring mudguards on big trucks and double penalties on truck overloading.

The bill geared to the old code was passed 126-2. The companion measure passed 115-7.

As an aid to the street and road funds of cities, counties and townships, the House voted to distribute another 11½ million dollars among them — a fund which the state highway department has used for road maintenance. It is the state's share of motor vehicle license tag money. The vote: 108-19.

Then, to enable the state highway department to get engineering help to make plans for the new highways the extra 42½ millions in road funds will buy, the House voted to authorize the department to employ outside engineers for projects costing one million dollars or more. The vote was 96-22.

Car Overturns, Driver Unhurt

Robert Sheppard, 24, of 405 Reed Ave., Marion, escaped injury when his car veered off County Road 126, the Davis-Gooding Pike, near Prospect, and overturned Monday at 8:30 p.m.

State highway patrolmen who investigated, said the southbound vehicle went off the road on the left side, knocked down 50 feet of farm fence and posts owned by George Williams of near Prospect, and overturned in a field. Moderate damage to the car was reported.

Graduation Program Set At Mt. Victory

Activities of the Mt. Victory High School senior class during the last few days of school will be numerous.

Baccalaureate and commencement exercises for the 12 seniors will be held this Sunday. Dr. Lowrey W. Harding, an Ohio State University professor in the Department of Education, will deliver the commencement address, "The Measure of Success." A native Virginian, he has been a full time member of the university's faculty since 1940.

Commencement is scheduled for 8:15 p.m. Sunday in the high school auditorium.

Salutatorian, Neil Gillfillan, son of Mr. and Mrs. George Gillfillan of near Kenton, and valedictorian, Norma Jean Willeke, daughter of O. J. Willeke of near Kenton, will make the student addresses. The invocation will be given by the Rev. Lloyd Harris, of the Mt. Victory Church of Christ, and the benediction by the Rev. William R. Allen, pastor of the Mt. Victory Methodist Church. Diplomas will be presented by Edward Elliott, president of the board of education.

Baccalaureate, slated for Sunday at 2:30 p.m., will be held at the Mt. Victory Methodist Church with the Rev. Lloyd Harris presenting the sermon, "Use or Lose." The Rev. William Allen will give the invocation and benediction.

Other senior activities this week include final examinations; a dinner at the school cafeteria this noon; rehearsal on Friday morning for Sunday's activities; the banquet and dance given by the junior class in honor of the seniors at the Marion Country Club Friday night. Arrangements for the Friday night dance have been in charge of Mrs. Kathryn Shick and committees of the junior class. A gypsy theme will be featured at this year's banquet.

Members of the 1953 graduating class are: Robert Secord, Ramon Secord, Neil Gillfillan, Joe Fittro, Bob Cavin, LeRoy Harder, Cedric Radcliffe, John Sieg, Evelyn Ann Harvey Case, Bonnie Kindell, Loretta Shoffner and Norma Jean Willeke.

Schooner Yacht AMERICA

AP Newsfeatures

A group of New York yachtsmen, wishing to compete in the English regattas to be held on the occasion of the great London exhibition of 1851, planned the construction of this yacht. She was launched May 3, 1851, a two-masted schooner with fore and mainsails, main gaff top sail and a huge jib. After test races at home, she crossed the Atlantic (under reduced sail) in record time. In the races which followed and with Queen Victoria among the spectators, she outsailed all contestants and came home in triumph with the "America's Cup." British yachtsmen tried time and again after that to lift the cup, but failed in competition with specialized American racers. Since the war, this pastime has been too expensive to be resumed.

Tickets Are Out For Police Ball Set for June 6

A policy of delivery of "tickets" directly to the homes of Marion residents between now and June 6 was adopted today by members of the Marion police department.

This is no cause for alarm, however, these are not the same type of tickets usually handed out by police. They are tickets to the annual policeman's ball which are now on sale, according to Z. G. McClenathan, chairman of the ticket committee of Marion Lodge 24, Fraternal Order of Police, which is sponsoring the dance.

The tickets may be purchased from any police officer, he explained, and for those unable to contact an officer a call to the police department will bring an officer to the front door with a handful of tickets.

The dance will be held June 6 at the Crystal Lake Pavillion with music by the "Sky-Liners" dance band. The dance will be from 9 p.m. until 1 a.m. Admission is $1.50 per person, McClenathan said.

Inside Labor

Minority Rule

By Victor Riesel

Come now the time to tell of a sacred proletarian hero for whom everybody's been weeping. For too long this man has been overglorified and forgiven for sins which have cost this country vast funds, and not a little blood and hysteria.

RIESEL

This is the time to say that he, and he alone, is responsible for the multi-billion dollar crime syndicate "take" in labor rackets and the invasion and seizure of strategic unions by Soviet agents.

While the country is in an uproar, while the Senate spends 10s of thousands of dollars to learn who is abusing him, while we work ourselves into sleeping pill cases, this man, Mr. Average Rank-and-File member of America's 60,000 unions, just doesn't care what happens to his union.

-:-

A SURVEY just completed reveals that some of the nation's most strategically placed locals are run by membership meetings of 30 to 60 members.

In the electronic equipment field, unions—with 17,000 dues payers on the books—are run by membership meetings of less than 300, right in the heart of our most secret production area.

This survey, inspired by the recent burst of exposures of rackets and espionage, discloses that only some 5 per cent of the nation's union members come to meetings. At these meetings not only their fate, but the fate of labor peace in the country's, key defense industries and transport facilities, are decided.

This means that less than a total of 700,000 members out of 14 million dues payers come to meetings to monitor their officers' financial, industrial and political activities and policies.

Yet these activities involve control of several billion dollars worth of assets, intricate politics which have kept several U. S. presidents at their direct telephone wires through the night, and murderous, grenade-filled corruption as well as sabotage-laden Communist undercover operations.

-:-

ONLY THE other week; the failure of just five members to show at a poorly attended meeting of the AFL American Federation of Radio and Television Artists resulted in action which could open the studio doors to a new pro-Communist Invasion.

Here is a union whose 4,000 actor-members are a most powerful force inside an even greater communications and entertainment media. It runs four meetings a year.

At the March 17 session there were only 118 members. And at the April 2 clambake only 80 showed despite the intense interest the nation has in the internal politics of this branch of the amusement industry at this time.

To protect the lazy 3,920 or so artists who care little about what happens to their vital union, the anti - Communist officers have passed by-laws making it necessary at least for these people to read.

Any action planned for submission to a membership meeting must be first reported by mail to the rank-and-file two weeks in advance. This might stir them into coming out to protect themselves—that's the theory anyway.

-:-

THE MEMBERSHIP meetings are always the supreme court. A two-thirds vote can suspend any union regulation. When the anti-administration crowd saw that its 58 members were five more than necessary to suspend the rules and make policy for this union of nationally known television stars, the opposition moved in.

The 58 made policy for 4,000, including such anti-Communists as Ethel Barrymore Colt, Vinton Hayworth, Basil Rathbone, Pat Rooney, Sr., Lee Tracy, Clayton Collyer, William Gaxton, Ed Herlihy, Conrad Nagel and Ned Wever, to mention just a few leaders.

The intricacies of the vote are not important. Sufficient to say that if the policy adopted that night is not rejected in an expensive and enervating referendum ballot, it will be possible for anyone, including those with long pro-commie records, to go before the union's board and force the union to give them a clean bill of political health. After all these long months of cleaning up the industry!

The same poor turnout is true of the Radio Writers Guild, where in the past the 500 members who wrote scripts heard by 100 million every day had policy set at monthly meetings to which as few as 30 writers came.

This is the union which was revealed in congressional testimony as having rejected resolutions offering its services to the U. S. in time of emergencies such as the Korean conflict.

Little wonder then, when the intellectuals of the radio and television world care so little for their unions, that the good and hard working longshoremen on the notorious New York waterfront see so little worth saving in their own unions that they, too, did not come out to vote in the recent balloting on the shape-up.

A big vote against the "shape" would have been a blast against the national crime syndicate. Yet only 11,000 out of some 25,000 came out to vote at all.

Something is wrong somewhere with people who care so little about so much in the lives of their families and nation.

Engineer, Ordnance, Air Force Equipment To Be Displayed

Plans Completed for Open House Saturday and Sunday at Depot

Complete plans for an open house at the Marion Engineer Depot were announecd today.

The celebration, held in observance of Armed Forces Day, will be held Saturday and Sunday from 1 to 5 p.m.

Free no stop bus service from the courthouse to the Depot will be made available to those without transportation beginning at 12:30 p. m. Saturday. The buses will run every half-hour.

Exhibits at the Depot will include the latest Air Force, ordnance, quartermaster and engineer equipment now being used by the Armed Forces and movies will be shown to illustrate the use of the equipment.

The majority of the exhibits are in two newly completed warehouses and inclement weather will not prevent the public from viewing them.

Two units, self propelled guns and an armored personnel carrier, from the Lima Ordnance have already arrived at the Depot and the remainder of the exhibits will be in Marion in time for the Armed Forces Day parade tonight.

One of the features of the open house will be the Air Force exhibit from Wright-Patterson Air Force Base of protected clothing current jet pilots utilize. The base is sending many other exhibits.

The Columbus General Depot will have quartermaster infantry equipment exhibited. It includes clothing and rations and cut-away models of machine-guns and rifles.

The Depot will display the latest in engineer tactical equipment, which consists of large earth moving units such as shovels, draglines, scrapers and crushing and screening equipment.

Exhibits from Lima Ordnance will include tanks and self-propelled weapons and Lockbourne Air Force Base will have an aerial reconnaissance display.

Qualified personnel will be available to answer questions and demonstrate exhibits.

In connection with Armed Forces Day, jet planes and other aircraft will participate in an aerial show over the Columbus-Marion area Saturday afternoon. The aircraft from Lockbourne and Wright-Patterson Air Force Bases will take off from their bases and circle the entire Columbus-Marion areas.

At the present time, the Depot has exhibits in two store windows in Marion. Models of a Bailey bridge is on exhibit in Frank's store window and a pontoon bridge is on display in the Ohio Fuel Gas Co. window. The Depot stores the nation's supply of Bailey bridges. Both bridges will be on display at the open house.

Children from the Children's Home have been invited to attend the open house.

Marion Girl in Choir Of Ohio Northern U.

A Marion girl is a member of the chorus-choir of Ohio Northern University, Ada, which will give its home concert outdoors on the campus Sunday afternoon.

She is Janet Kuhner, daughter of Mr. and Mrs. S. W. Kuhner of 273 S. High St. She is a first soprano.

Robert Shoemaker of Dunkirk and David H. Markle Jr. of Ada will be senior soloists who will be featured.

Other area members of the chorus-choir are Lynn Kempsell of Kenton, Doris Hiller and Gene Willeke, both of Dola, and Sonja Clay, Shirley Young, and Glenn Ernsberger, all of Ada.

Rev. Hollingsworth Talks to United Grange

A Mothers Day program was given by United Grange Tuesday night at Claridon School. Business was in charge of Russell Wickersham, and the program was directed by Carl Lehner . A reading on the origin of Mothers Day was by Mrs. Eugene Foos. Miss Sally Shirk sang, accompanied by Mrs. Pearl Shirk who was accompanist also for saxophone solos by Eugene Foos.

Guest speaker was the Rev. Ralph Hollingsworth of the Claridon and Kirkpatrick Methodist Churches who gave an address on mothers of years ago and modern mothers. The oldest mother present Mrs. Ralph Hurr, was presented a jardiniere of flowers, and each mother there was given a potted plant. A miscellaneous shower was held for Mr. and Mrs. Eugene LeMaster who were married recently. The bride is the former Miss Hazel Foos. Refreshments were served by the men, headed by Paul Augenstein, with William Earl, Glen Dunkin, Eugene Foos, and Clyde Smith assisting.

Prospect Alumni Dinner, Dance Set Saturday

The annual Prospect High School alumni banquet program with a 7 o'clock dinner and round and square dancing will be held Saturday at the school auditorium.

Waste in Govt.

By George Sokolsky

It is amazing how varied have become the employes of our government. I came across a new title recently that intrigued me—"Travel Development Specialist."

SOKOLSKY

It is apparently a sort of Cook's Tour salesman who drums up travel business to foreign countries at the expense of the American taxpayer. All this is under the Point 4 Program and these travel development specialists are scattered over the earth.

They work for an office called Technical Cooperation Service, the idea being that they will show the natives how to do jobs which they have been doing their own way for some thousand years.

-:-

SURELY NO ONE in Congress who voted for Point 4 ever figured on the United States going into the travel business and hiring a lot of travel specialists.

The only excuse can be that Americans are great spenders and that travel (the Europeans call it tourisme) is a way to get American dollars out of this country into a foreign land.

The coronation of Elizabeth II, by all one hears about friends going over to England this year, ought to close the dollar gap.

I would have enjoyed going myself if I could get a seat say between the sixth and the tenth rows in Westminster Abbey, but to go to England to watch a short parade, albeit in costume, out of a store window, surrounded by emotional dowagers, clothes designers, and just plain "I was there" tourists, is not my idea either of an exhilarating experience with mediev[illegible]ism or just sheer fun.

Furthermore, I went to the Inauguration of Eisenhower and learned my lesson about such events.

-:-

TO GO BACK to the travel development specialist, he also acts as a press agent and sends out publicity notices which he would like to have printed in American newspapers. For this he is paid by the American taxpayer.

The Associated Press, the United Press and the International News Service perform this service and charge the taxpayer nothing. They do it as a business and have trained men on the jobs.

The particular news item, sent out by the travel development specialist whose material I have before me, has to do with the discovery of 70 biblical scrolls dating back 2,000 years.

While the material is quite interesting, I doubt whether many Americans will immediately go to Jerusalem to visit the "Antiquities of the Hashemite Kingdon of Jordan."

One wonders why a servant of the American people, hired as a travel specialist engages in publicity work for a Jordan museum whose director is "British-born," as the notice says.

I read the seven mimeographed pages of the news release and wondered how much it cost the United States to circulate them, including salaries, mimeograph machines and postage.

-:-

INCIDENTALLY, I am sure I read all about these discoveries several years ago, when they occurred, and found the data fuller than this release, but my point is not whether the pressagentry is well or badly done, but rather why the American taxpayer should pay for it at all.

There has been a policy, for years, of throwing our money away, partly to redistribute wealth, partly to aid our allies, partly to debase the value of our currency, partly for sinister purposes.

"Made-work" was a phrase used in WPA and PWA days, and many economists, who have feared a return of unemployment once we get ourselves out of war, believe that throwing money away is an excellent method of keeping out of a depression.

The huge government payroll of between 2 and 3 million Americans is maintained not on a basis of necessity but on this general principle.

-:-

HOWEVER, the extravagances of government expenditures on useless services are no longer possible because this country does not have the money to pay for them.

Unless taxes go down, the law of diminishing returns will set in, as it already has in the upper brackets. This country is no longer rich and cannot be extravagant.

Politicians of both parties continue to argue that they do not know where to cut expenditures and make a great to-do about not reducing defense expenditures.

But no defense expenditures are involved in cutting out all obvious extravagant and wasteful expenditures. Here is an example of something that has no utility and that serves no purpose.

There must be thousands such wasteful operations in our government.

Grange Members Plan Activities

Date was set and plans launched for the annual Progressive Grange ice cream social June 17 when the Grange met Tuesday night in its hall.

The charter was draped in memory of Frank Fairchild, who died recently. A fish fry was announced for the members at the next meeting, May 26. On the committee are Mr. and Mrs. Walter Fetter, Mr. and Mrs. Alpheus Gruber, Mr. and Mrs. Earl Thomas, Mr. and Mrs. Harlan Rapp, Mr. and Mrs. Russell Fett and Mr. and Mrs. Cecil Davis. Contest honors were won by Chester Gruber and Orla Barks.

The program, in keeping with Mother's Day, was presented by the Juvenile Grange. Numbers included an article, "Thoughts of Mother," by Carol Danner; a Mother's Day poem by Marie Ann Fett; a reading, "Early Bird," by LeRoy Gruber; selections by a trumpet trio from Pleasant School, composed of Carol Reidel, Mary Lou Blank and Marilyn Bunnell, accompanied by Charles Toms, music instructor; a reading, "The Effects of the Flu," by Lonnie Gruber; a piano solo, "The Butterfly," by Shirley Fett; a vocal solo, "Remember Mother's Day," by June Danner; a reading, "At Grandma's," by Jack Gruber; a clarinet solo, "Songs My Mother Taught Me," by Carol Danner; a reading, "Chip From the Old Block," by Charles Gruber.

Refreshments were served by a committee composed of Mrs. William Veness, Mrs Russell Fett and Mrs. Marlow Zachman.

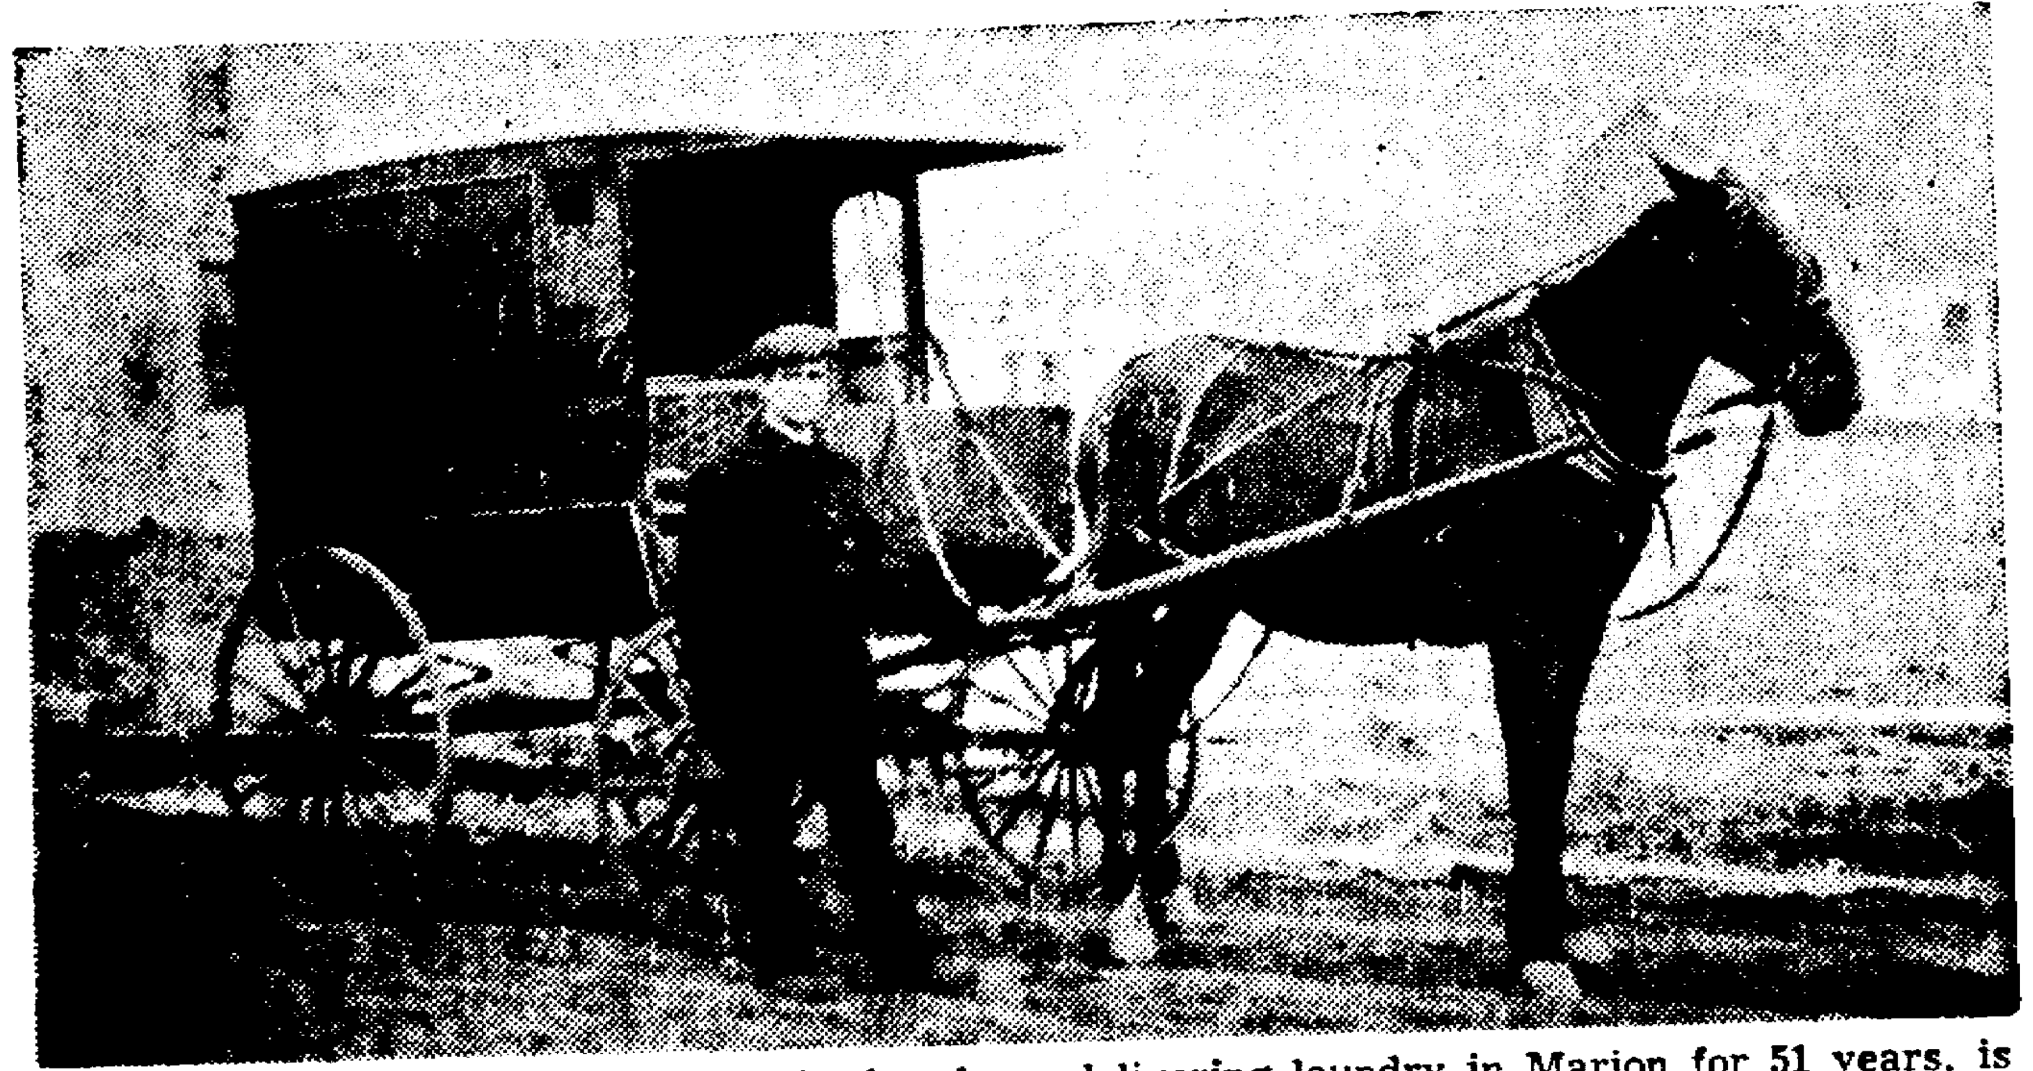
Began Laundry Deliveries in 1902 With Horse and Wagon

Driver Will Retire After 51 Years



RUBY BREESE OF 343 HANE AVE., who has been delivering laundry in Marion for 51 years, is pictured with one of his first vehicles, a horse-drawn wagon. Later he made his rounds in a Waverly Electric truck and a Chase three-cylinder job. He plans to retire soon.

A well-deserved vacation awaits a Marion man who will soon wind up more than half a century of service with the Anthony Laundry Co. at 196 E. Center St.

Ruby Breese, 75, who resides at 343 Hane Ave., will complete nearly 51 years of service when he retires shortly.

Presently Breese, who picks up and delivers laundry by truck in the southeast section of Marion beginning at Greenwood St., is breaking in a new man to replace him.

In July of 1902 when he was 24, Breese began working at Anthony's. He was assigned to a horse and wagon and picked up and delivered laundry in the east end of Marion after working inside the laundry for about a year.

He recalls that all the main streets, including Center, Main and Church, were paved when he began working, but that his route in the east end carried him over many mud streets.

The streets of Marion were lighted by gas and oil lights, he recalls, and Marion's population was around 12 thousand. Breese said Marion at that time extended east to around Greenwood St. north to the fairgrounds, south to the Marion cemetery, and west to about the union station.

When Breese first came to Anthony's, there were about six women and two men employees who worked inside. He was one of two men who drove a horse and wagon delivering and picking up laundry. Today, there are about 77 employees and some eight trucks.

The laundry had less than two rooms, Breese remembers.

Worked 12 Hours

In the early days he reported for work at 6 a.m. and put in from 8 to 12 hours a day, depending on how busy the laundry was. His wages were about $2 a day.

Breese ran the horse and wagon some eight to ten years and then around 1910 began using a truck after Anthony's ordered a Chase three-cylinder job and a Waverly electric truck. Bodies for the vehicles were made at the Houghton-Sulky Co. here.

John Anthony, founder of the laundry, was running the business when Breese started work. Breese helped with the washing and ironing and fired the boiler when he first started working at Anthony's. Machinery was operated by steam engine. He remembers there were about three or four washing machines at the laundry and that there was a steam heated drying room where the clothes were dryed after being washed.

There was an ironing machine and a machine where shirts were stacked after being dampened and pressed for ironing.

Breese recalls "shirts and collars were the main thing then. There was a lot of hand work," he said.

Breese's parents, Samuel and Lavina McVay Breese, moved to Marion when he was quite young from Magnetic Springs where his father farmed. He was born at nearby Pharisburg, in Union County on Sept. 30, 1878.

He went through the first four grades at a school on S. Prospect St. and finished his eight years of schooling at the old Central building. He was employed at the Marion Steam Laundry on N. Main St. for about seven years as a laundry worker and came to Anthony's after it sold out.

His father, who was a horse dealer here, and mother have been

He takes great pride in his roses which he grows in a garden in the back of the Hane Ave. address. He has some 65 different species of roses and approximately 125 bushes on a small plot about 50 by 75 feet.

He won several prizes with his roses several years ago, the only time he entered the Marion Garden Club's annual flower show. He plans to devote more time to his two hobbies after his retirement and to spend some time with his daughter, Mrs. Herbert Coons, on a farm near Richwood. He resides with another daughter, Mrs. Ronald Selanders, at the Hane Ave. address.

All-Day Meeting Held By Meeker WSCS

An all-day meeting was held by the Meeker Methodist WSCS Thursday when members gathered at the parsonage at New Bloomington with the Rev. and Mrs. O. W. Robbins. A covered dish dinner was served at noon.

Guests included: Mrs. Helen Schreck, Mrs. Martha Day and daughter, Elaine, of Dayton, and Mrs. Golda Sellers of New Bloomington.

Group singing opened the business meeting with Mrs. Ethel Seiter at the piano. The Rev. Robbins had charge of the Scripture lesson.

The WSCS will prepare the alumni supper for the Meeker School on Saturday, May 23.

Mrs. Marie Anderson announced a "This Is Your Life" program to be held in Fremont on May 17 in honor of the Rev. William Deibert of Fremont. A former minister of the Meeker Church, he is now retiring.

Mrs. Helen Schreck was enrolled as a new member.

The next meeting will be held June 11 at the church with the new officers in charge.

Brownies Honor Guests With Tea at LaRue

LARUE — Members of Brownie Troop No. 55 honored their mothers and other guests Saturday afternoon with a tea held in the Legion hall.

A short program included moving pictures of the Centennial celebration held in LaRue, songs by the Brownies and introduction of the guests. Guests other than mothers of the members of the troop were teachers of the second, third and fourth grades of which the Brownies are a part, Mrs. John Dunson and daughter Mary, Mrs. Melville Sperry and Miss Martha Sheets; Mrs. Merle Lingo, leader of the Intermediate Girl Scout Troop, Mrs. Robert Jones, president of the American Legion Auxiliary which sponsored the troop and Miss Catherine Stone, and Mrs.

Paymasters Even "Hit Silk" To Get Money To Troops

WASHINGTON (UP)—The U.S. Army these days is getting paid by many means. Sometimes the cash comes right out of the sky.

Paymasters of the Finance Corps travel by foot, rickshaw, jeep, airplane, helicopter, submarine, and ship and even "hit the silk" to see that the boys are paid.

The job of paying the soldiers here at home, in Europe, the Far East, and remote outposts is not always an easy one.

But wherever they are, the Army puts the boys in the chips as nearly on time as possible, whether the pay is in dollars, pounds, francs, marks, rupees, yen, or some other medium of exchange.

Just to give you an idea of the scope of the operation, Army finance in World War II made more than 437,000,000 payments to soldiers and civilians engaged in military activities.

Money went out, often secretly by the billions and by the ton.

For instance:

In order to supply American forces with French invasion currency shortly after D-day, 46 tons —3,887,136,000 French francs valued at $68,000,000—made the monetary invasion.

On the other side of the world, at Calcutta, India, a miniature mint of $58,000,000 (American), more than $40,000,000 in gold, $2,000,000 in Indian rupees, and trillions of Chinese dollars, were handed to troops in the area.

Set Memorial Day Services at Galion

GALION — Memorial Day services were tentatively announced at the regular meeting of Scarbrough Post of the American Legion, Monday night.

The services to be held Saturday morning, May 30, will begin with a parade at 10:30 a.m. from the Legion Home to Fairview Cemetery. Arrangements are in charge of Fred Barr, chairman of the Americanism committee. No speaker has been announced at present. On Sunday, May 31, Legionnaires will meet in a body at the Legion Home and march to First Lutheran Church for services.

The only cabinet position in the U. S. federal administration that expires automatically every four years is that of Postmaster General.

Supplying Zest for Spring Meals

By CECILY BROWNSTONE
Associated Press Food Editor

Here's a recipe for an unusually delicious and different meat loaf. Its secret lies in the quick-cooking rice cereal it calls for, which helps it stay moist and flavorful. Rice cereal is also used in this luncheon casserole that has the double virtue of tasting good and being out of the ordinary.

SPANISH MEAT RING

Ingredients: ½ pound chopped raw beef, ½ pound chopped raw pork, 1 egg, ½ cup quick-cooking rice cereal, 1½ teaspoons salt, ⅛ teaspoon pepper, ⅛ teaspoon oregano, ¼ cup finely diced onion, ¼ cup finely diced green pepper, 1 cup cream-style corn, one 8-ounce can tomato sauce, 1 teaspoon kitchen bouquet.

Method: Mix together meat, egg, rice creal, salt, pepper, oregano, onion, green pepper, corn and ½ cup of the tomato sauce with hands or kitchen fork. Pack into greased ring mold—about 4-cup size. Bake in moderately hot (375 F.) oven about 1 hour. Turn out. Mix together remaining tomato sauce and kitchen bouquet and brush meat ring with it. Return to oven for about 5 minutes. If desired fill center with freshly cooked buttered carrots and peas. Makes 4 to 6 servings.

FRIJOLE LUNCHEON CASSEROLES

Ingredients: 2 cups water, ½ teateaspoon salt, ½ cup quick-cooking rice cereal, 1 egg (beaten), ¼ cup butter or margarine, 2 tablespoons fat, ½ cup thin strips onion, ½ cup diced green pepper, ½ cup diced celery, 1 teaspoon kitchen bonquet, one No. 2 can kidney beans (drained), ¼ cup seedless raisins, one 8-ounce can tomato sauce, ½ teaspoon salt, 1 teaspoon sugar, ⅛ teaspoon pepper, 1 teaspoon chili powder, ½ cup grated American cheese.

Method: Bring water and ½ teaspoon salt to boil in saucepan. Sprinkle in rice so boiling doesn't stop. Cook and stir constantly until beginning to thicken, about ½ minute. Remove from heat, cover and let stand 3 minutes. Stir into beaten egg. Mix in butter. Let stand uncovered while preparing filling. Melt fat in skillet. Add onion, green pepper and celery. Cook over moderate heat 10 minutes, stirring often. Stir in kitchen bouquet. Lightly mash drained beans; add to onion mixture. Add raisins, tomato sauce, ½ teaspoon salt, sugar, pepper and chili powder; mix well and bring to boil. Meanwhile place all but ½ cup of the cooked rice in 4 greased individual baking dishes. Pour filling over top of rice. Place a spoonful of the remaining rice in center of each casserole. Sprinkle cheese over tops. Bake in moderate (375 F.) oven until cheese is melted and lightly browned—about 30 minutes. Serve at once accompanied by a green salad. Makes 4 generous servings.

Wanted—Hog With More Chitlin's

WILSON, N. C. (UP)—State Agriculture Commissioner L. Y. Ballentine told the Wilson Chit'lin' Club that if farmers could grow a hog with 100 per cent more chitterlings, the state's farmers would earn $10,000,000 more a year.

Ballentine said swine growers have learned to grow hogs with larger hams, and now the problem is to grow hogs that will produce more and better chit'lin's to supply a fast-growing demand.

Chitterlings, the small intestines of hogs, are considered a delicacy in many parts of the South.

Mississippi Bank Has Oldest Bale of Cotton

WEST POINT, Miss. (UP)—What is believed to be the oldest bale of cotton in America, possibly in the world, is owned by the First National Bank here.

Kept at the Federal Compress, it is a 400-pound bale of short-staple cotton grown on the Levi Peden plantation near Cedar Bluff and picked by slave labor in 1862. Only the original wrappings have been replaced, and J. H. Moore, an official of the compress, said the fiber is "as strong as ever."

The bale was one of five claimed by the bank as payment for a loan shortly after Peden's death. The other four were split up into souvenirs early in this century.

Famous Ohio Shop To Have Antique Exhibit in Club Federation Show

When a pig-tailed girl of 13 she was bitten with the hobby bug. The years passed, so did the pigtails, but the hobby lingered on—growing until it blossomed into a business. That in a few words accounts for Monroeville, Ohio's, only antique shop run by Mrs. Bertha Bores, and famous for all manner of aged, odd-shaped glassware, some of which will be on exhibit and for sale at the Antiques Show and Sale to be held at the Veterans Memorial Coliseum this week-end.

Although off the beaten path of motor traffic, this tiny business establishment is literally heaped full of all types of interesting glassware, of which Mrs. Bores has more than 20,000 pieces. Her collection includes pieces from numerous foreign countries, as well as those of domestic heritage.

26 Dealers Represented

Mrs. Bores' glassware will be only one of the items on exhibit and for sale at the show. Also included in the collections to be shown by 26 dealers from a four-state area will be hooked rugs, hand woven materials and looms, metal ware, china and furniture. Flower arrangements in antique containers will also be featured. In addition, there will be an exhibit of all types of coins, coin materials and stamps.

Proceeds from the show will be used by the Marion County Federation of Women's Clubs for its expansion program, which includes the remodeling of the club home to accommodate the organization's growing activities.

Committee Heads

Mrs. William H. Pohler Jr., is general chairman in charge of all arrangements and assisted by the following committee: Mrs. Charles Ellery, program and hostesses; Mrs. Pearl Thatcher, finance; Mrs. D. J. Sansotta, arrangements; Mrs. J. Edwin Probst, dealers; Mrs. W. D. Busch and Mrs. Gladys Arter, food; and Mrs. Robert White and Mrs. Rayl Conyers, publicity.

The Show and Sale will be open from 1 p.m. to 10 p.m. Friday, Saturday and Sunday. Tickets may be purchased at the door.

Mama the Planter

By Hal Boyle

KANSAS CITY (AP)—Once a girl is a mother she just has to keep on growing something.

Well, if you ever bought a house and tried to grow grass around it, I'd like to have you meet my mother.

She has been trying to grow grass around a house for more than 30 years. You can't sell her the Brooklyn Bridge, but if you can convince her you grew grass on that bridge she will bargain for the seed.

All mom started with was the fact of a fair, green, clean lawn—or in her time, a meadow quiet and undisturbed. And I suppose she has always had a yearning to get back to the peace of it. So she goes on planting . . . some day to get back.

She was the eldest of nine Irish girls and an Irish boy, born on an Irish farm where Irish pride jutted above the stones of Irish poverty.

The girls came over to help settle heathen America, all nine of them. It was the boy who stayed at home to keep England from owning all of Ireland, and tilled the stony land and died there, while his sisters lived across the seas.

And there was a great crowd to greet the girls when they reached the United States—all gathered at Ellis Island, and all trying to get in, too.

I have passed the Statue of Liberty many times in my life, going and coming, and think I own a part of it. My mother has never taken it for granted. She has never passed it going the other way, and doesn't want to. When she mentions the Statue of Liberty her mouth frames a kiss.

But mama did bring from Ireland something she is always reaching back to—to her the dream of the fair lawn of youth. She has always kept a green farm thumb in the city, and a sweet growing mind. She has liked to see things come to flower, including her five children, and has never lacked the energy to kick a bud into bloom.

But it is that fair green lawn she yearns for. And so for 32 years she has fought to make a lawn before, behind, and around an eight-room, old-fashioned house here which dad bought for $5,000. Mom now threatens to give it away and actually is willing to part with it for a million dollars—cold cash, no sentiment involved.

The spring has been rainy in the Midwest, and the grass has come up in patches. All dogs and children in the neighborhood are afraid of mama, and they love her, too, because when she is strong she orders them off the possible lawn of her dreams, and when she is tired she sits down in the old scabby back yard and will talk to them.

Mama has always been that way. When she raises her voice, everybody runs away. When she is weary, every one wants to cluster around her. This is the hardest single fact about one human being I have ever tried to figure out. She is 65 and I am 42, and I still don't know how she can boss children and dogs that way, and make them all love her.

She fights that lawn so hard we have to forbid her the lawnmower. She says you can't hire kids today to mow it, but she has always attacked that grass herself, though her face grows red and she has been told not to do it. My sister, Dolores, when she hears her pulling the lawnmower out of the basement, goes down and says, "Mama,

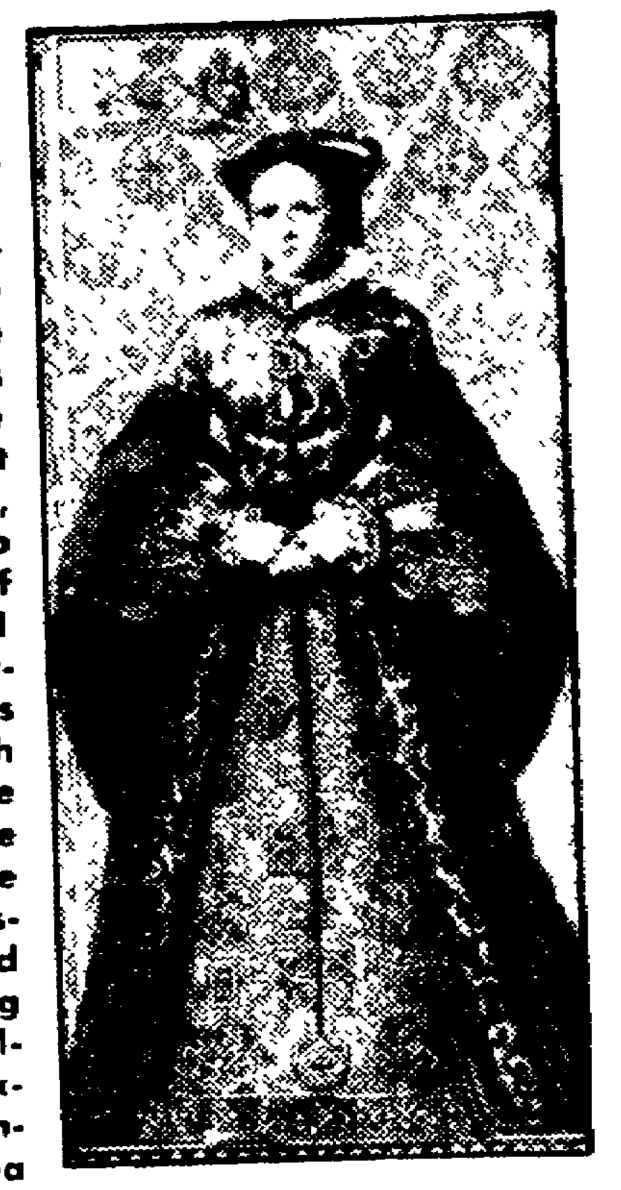
CROWN CAVALCADE

The PREDECESSORS of ELIZABETH II

No. 22: Mary I. Queen of England and Ireland 1553-1558.

Born: 1516, daughter of Henry VIII by his first wife. Curiously, when she came to the throne, aged 37 ("plain-featured and frustrated," an English historian describes her) women were forbidden to hold public office or practice professions. Women's place was in the home, spinning, cooking, etc. Mary [at right, above her signature] did nothing to emancipate women, and reduced England to chaos and misery. In her endeavor to restore the status of the church to what it was before her father's reign, she condemned the following to be burned: the Archbishop of Canterbury, two bishops, 21 clergy, 84 artisans, 100 labourers, 55 women, 4 children. It is said that Mary died obsessed with the belief she was pregnant. She repeatedly announced that she was with child, but never bore one. The evidence is that her husband, Philip II of Spain, detested her. Englishmen began voyaging far and wide in her reign, challenging Spanish supremacy in exploration. Willoughby and Chancellor sailed into the White Sea and opened trade with the Russians at Archangel with momentous consequences.



Marye the quene

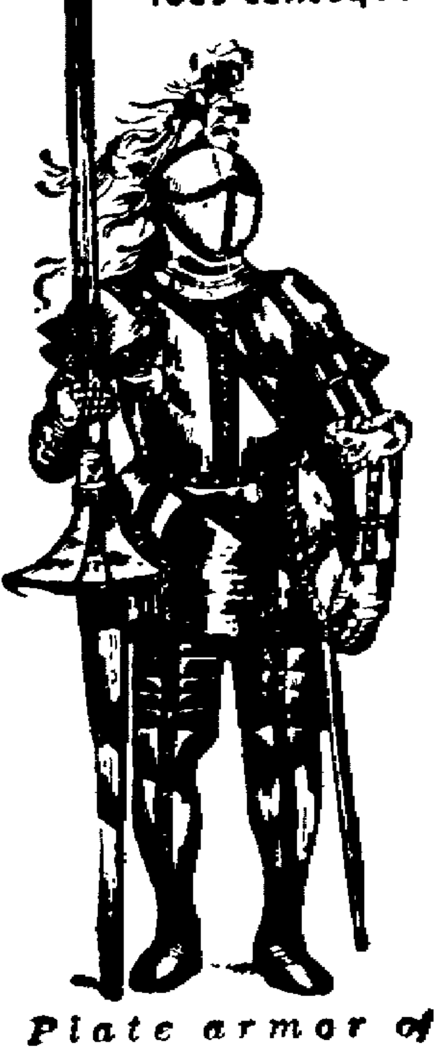


Plate armor of Mary's time.

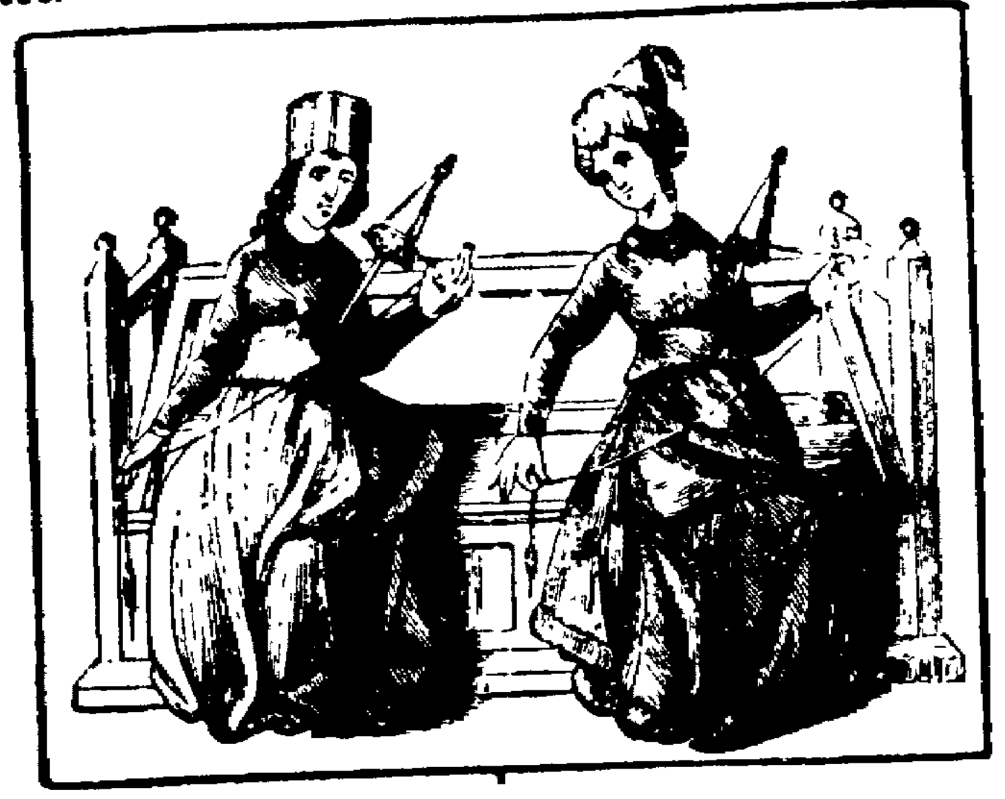

The term 'distaff side,' for women, comes from the instrument used by women in spinning before the spinning wheel appeared in England in the 16th century. There were no schools for women in Mary's time, there being general opposition to the education of them.

LaRue Community Mother-Daughter Banquet Held

Special to The Star

LARUE — Approximately 175 women and girls attended the 11th annual community mother and daughter banquet last Thursday night. The event, sponsored by the Woman's Society of Christian service of the Methodist Church was held at 6:30 p.m. in the church dining room.

Spring bouquets, clever favors and colorful napkins decorated the tables. Placards were the brightly colored program booklets. Preceding the banquet, the welcome was extended by Mrs. Ivah Owen, president of the sponsoring group, and a response was given by Miss Rose Ann Murphy.

The program which followed was presented in the church sanctuary and opened with a worship service by Mrs. Samuel Wood of the Baptist Church. She used the theme of "Christian Motherhood."

Two vocal selections, "Little Lady Make Believe" and "A Lullaby" were by Mrs. William Stanbro. A playlet, "A Message for Mother" was presented by the girls in the Sunday school classes of Mrs. Bernard Littell and Mrs. Robert Hougendobler. A vocal number, "A Mother's Prayer" by Elizabeth Trihaft was followed by the address by the guest speaker, Mrs. Johanne Kristine White of Columbus, who was introduced by the program chairman, Mrs. John Olsen. Mrs. White, a native of Denmark, was dressed in native costume and gave an account of life in Denmark and many facts about the country.

A vocal number, "Somebody Bigger Than You and I' by Mrs. Stanbro, and the closing prayer by Mrs. Sheldon Kramp concluded the program. Miss Dorothy Louise Burbaugh was the accompanist for all vocal numbers.

4-H Club News

The Martel Future Farmers 4-H Club met recently at the home of Kenneth Pangborn, advisor. Project books were assigned to members and meeting dates and places were set for the coming summer meetings. Rules and by-laws were read and adopted. It was decided to hold project tours this summer and visit all homes on the tour. The group's next meeting will be held May 25 at the home of Lester Lyon.

Prospect 4-H'ers held the May meeting at the school Monday night. Earnest Gast, leader, filled out an official sheet which will be sent to the county extension agent's office to record the projects for the year of 1953. Project books were also given each member. All boys with hog projects will meet at the Gast home Tuesday night, May 19, to work on their books. The next meeting will be Monday night, June 1.

now you know better. Stop it."

But nobody can stop mama from putting in her tomato plants. Wonderful crop last year. I have offered to take her back for a visit to Ireland, and see again the farm she was born on. She says: "Ireland isn't modern. I would rather see the rest of America."

But you know how passionate a feeling for growth the people from the old country have. Mama has had five children, she has been a widow for 15 years, she is 65 years old, and is down to "a green thumb." But she has to go on raising something.

Just the other day she was tired and sat down on a bench in the back yard. And the things that understand mama, the children and the dogs that ruin the lawn she is trying to bring back from an over-wet spring, clustered around her.

There is within her such a mixture of "scat-you-get-out-of-here" and "come - back - you-know-I-love-you." And a little girl from the next block, nuzzling up to her, said:

"Mrs. Boyle, why does your family make you work so hard in the back yard?"

Mama is laughing yet at that.

Rev. Nothstine Talks to Marion Camp of Gideons

At a dinner meeting of the Marion Camp of Gideons and the auxiliary Tuesday night at the community rooms of the West Town Branch, National City Bank, reports were given on the state convention at Lima May 2. The guest speaker was the Rev. Alfred H. Nothstine of the Green Camp Baptist Church, and other guests included Mr. and Mrs. Archie Rice, Mrs. Lulu Corwin, and Mrs. Grace Fletcher.

Clifford Ward led group singing accompanied by Mrs. Fred Dutt. Prayers were offered by H. J. Klinefelter and E. J. Hissong. Separate business meetings of the camp and auxiliary were in charge of Sheridan Severns and Mrs. Harry Crowner, respectively.

Subject of the guest speaker was "The Way." Pointing out "sign posts in the way of Christians," he listed the first as "belief," and said in part, "Christianity and salvation grows and becomes more precious as we share it with others. Feelings are not salvation. Belief is salvation. Feelings come after. Let us be sure of our salvation, then we must confess for cleansing. Cleansing is another sign post. If we confess He will forgive and cleanse. The third sign post it 'yield.' Let Got have His way. No matter how good you are, if God does not have His way in your life you are the most miserable person in this world, even though you are Christian. We yield that we may have victory. Victory comes to Christians only one way and that is by yielding to the Almighty. Growth is the fourth sign post. This indicates a continuation. We must grow to have a good life."

Those attending the state meeting included Mr. and Mrs. Leslie Adams, Mr. and Mrs. Harry Crowner, Mr. and Mrs. Clifford Ward, Mr. and Mrs. Paul Zachman, Mrs. C. Z. Zachman, Mrs. Nellie B. McCleary, Mr. and Mrs. H. J. Klinefelter, and Miss Arena Hinds. The next meeting of the local camp and auxiliary will be a dinner session at the National City Bank West Town Branch.

Let Them GROW UP!

Children often forget to watch out for cars when they're playing or crossing the street. It's up to YOU to keep an eye open for them, especially near schools and playgrounds. Drive slowly enough to stop in time . . . remember, if all car owners are equally careful, among the children saved may be one of your own.

Miss Price Weds At Bucyrus Church

Special to The Star

BUCYRUS—Nuptial vows were exchanged here Sunday morning in the Church of Christ by Miss Shirley Ann Price, daughter of Mrs. William Schwartz of Bucyrus, and Clarence Price of Mansfield, and Tilman Skaggs, son of Amos Skaggs of Bucyrus. The single ring service was read by the church pastor, the Rev. R. S. Stephens.

Given in marriage by her father, the bride wore a light blue ballerina-length gown of net over satin. She wore white accessories and a red and white carnation corsage. Mrs. William Daniels of Marion, a sister of the bride, was matron of honor and best man was John Price, brother of the bride. Ushers were Kenneth Price and Paul Skaggs.

A reception was held immediately following the ceremony for 35 guests at the Schwartz home.

Mr. Skaggs is employed at the Crawford Steel Foundry Co. in Bucyrus. The couple will live with Mr. Skaggs' father.

Program Presented For Tymochtee Grange

A program with past lecturers in charge was featured at a recent meeting of Tymochtee Grange at the Grange Hall.

Participating were: Evelyn and Vivian Herr in several instrumental selections; a reading by Mrs. Ralph Roszman; skit, "Bridge and Other Things" by Dorothy Burbaugh, Mary Trainer, Mae Keeler and Mary Barnett; and an instrumental duet by Bobby Burbaugh and Merwyn Burbaugh.

Floyd Barnett presided for the business meeting when three proposals for membership were read. It was announced that the first meeting in June would be set aside for cookie and sewing contest.

A discussion was held concerning mowing the grass and keeping the hall grounds presentable. An invitation from the Marseilles Methodist Church to observe Rural Life Sunday on May 17 at the church was read.

The next Pomona meeting will be held at New Bloomington when a little theater contest will be held.

Public Open Space Anti-Slum Factor

CHICAGO (UP) — Planning experts believe that the lack of public open spaces contributes to development of slums.

"Hundreds of square miles of residential subdivisions, containing no more space than the minimum amount required in private yards, are being developed every year in the United States," according to the American Society of Planning Officials.

Once subdivision and development have taken place, it is almost impossible for a city to provide sufficient open space without demolishing buildings or redeveloping the area, the society said.

It said many cities and counties have incorporated in their subdivision regulations a requirement that some land be dedicated for public purposes.

Municipalities should buy land in advance of residential development to insure that public open spaces such as parks are provided in the newly developed residential areas, the society said.

HE GOT THERE

000,000 barrels of petroleum last year, passing the billion mark for the second time in history.

The survey showed that in 1952, Texas had 139,620 producing oil wells, a 7,162 increase over 1951; 3,241 separate fields, a gain for the year of 570, and that 163,000 Texans were employed in production and refining, up 9,900.

Some statistics spelled rougher times for Texas oil and gas producers.

The nation's tank farms were well loaded with crude—some 272,000,000 barrels, nearly 50 per cent of it from Texas. This forced slowdowns in production allowables.

The odds against success in drilling became a little longer, the association noted, with 36.8 per cent of all 1952 wells being dry, compared with 33.6 per cent in 1951.

Royalty payments for the year were estimated at about $450,000,000 plus millions more from rental and bonus payments.

The institution is the Sheil School of Social Studies. Since 1943, it has attracted an estimated 32,00 students, 1,500 volunteer teachers and guest speakers, and a stream of visiting educators from foreign countries.

The school was founded by the Most Rev. Bernard J. Sheil, senior Roman Catholic auxiliary bishop of Chicago. It has offered about 1,200 courses in everything from literature and languages to labor and race relations.

Each week about 600 office workers, housewives, laborers and professional people pour into its tiny, four classroom headquarters across the hall from the boxing arena of the Catholic Youth Organization in downtown Chicago.

Another 200 students attend its North Shore Branch in suburban Winnetka's Trier High School.
